

New Fire Station Is Busy At Moving Time

At least two weeks will be required to transfer firefighting equipment, personnel and odds and ends that are numerous and varied to the new, consolidated fire station at Washington St. and Commonwealth Ave., where West Newton, Waban and Auburndale come together, Vincent D. Burns, Newton commissioner of public buildings, stated yesterday (Wednesday).

Mr. Burns at the same time assured the people of the three areas that they could count on complete protection during the transition period. Chief Frederick A. Perkins, Jr., he explained, has perfected arrangements whereby there

will be prompt response to all alarms at all times.

"Just how that will be accomplished I don't know," the commissioner said. "That's the chief's job, and I know he'll do it. My job is only to get things moved from West Newton, Auburndale and Waban."

The new, four-bay station is replacing Station 2 at West Newton, Station 5 at Auburndale and Station 6 at Waban. Since the West Newton station was taken by the Turnpike Authority and razed, Engine 2 company has been housed at police headquarters in West Newton.

According to Mr. Burns, the Building Department may take over the Auburndale station and use it for storage and a workshop, and the Waban station is

Bridge Honors Lasell College

The Woodland Road bridge over the toll road extension in Auburndale will have the name "Lasell Bridge" engraved on its concrete abutments.

Naming the bridge in honor of Lasell Junior College required a special act of the Legislature, which was introduced in the college's behalf by Sen. Leslie B. Cutler.

The bridge is one of 18 reconstructed in Newton for the turnpike extension.

Dr. Gezork To Preach At Last Summer Service

The preacher at the final service of the Newton Union Summer program, will be Dr. Herbert Gezork, president of Andover Newton Theological School.

This service will be held next Sunday, Sept. 6th, at 10 o'clock, in the Central Congregational Church in Newtonville and the music will be furnished by Marshall S. Wilkins, organist and Miss Anne Sousa, mezzo-soprano. Care will be provided for the children at this time.

Dr. Gezork was born and educated in Germany — graduate of University of Berlin and Baptist Divinity School of Hamburg. He was the general secretary of the German Baptist Youth Movement until it was dissolved under the Hitler Government which he opposed.

He has written two books in German, both of which were banned by the Nazis. He came to this country in 1936 and became a U.S. citizen in 1943. From 1939 to 1950 Dr. Gezork was Professor of Social Ethics at Wellesley College and Andover Newton Theological School.

Toll Road To Allston Will Open Tonight

Eight and three-tenths miles of the Massachusetts Turnpike Authority's toll road extension from Weston, through Newton, to Allston, will be opened to vehicular travel at one minute past midnight tonight (Thursday).

That was the plan as announced by the Authority as this issue of The Graphic went to press, and no one concerned expected there would be anything to prevent the plan's being carried out.

Nor is any interference expected with a proposed ribbon-cutting ceremony, with Governor Endicott Peabody wielding the scissors, at the new toll plaza in Weston, where the Charles River separates that town from the city of Newton.

The schedule calls for the Governor to snip the ribbon at 8:30 o'clock this evening, then to push a button that will turn on the lights over the entire route from there to a point in Allston that will serve as the extension's Boston terminus until the rest of the road to the South Station is completed.

The ceremonies, with local and state dignitaries participating, will include the unveiling of a plaque erected in honor of the first chairman of the Massachusetts Turnpike Authority,

Political Campaigning In City On Way To Crescendo

The tempo of political campaigning for next Thursday's primary was steadily rising in Newton this week. It will reach its crescendo after the Labor Day weekend and just before the voters go to the polls to render their decisions.

Greatest interest is being aroused by the fight between Governor Endicott Peabody and Lieutenant Governor Francis X. Bellotti to carry Newton in their state-wide battle for the Democratic nomination for the Governorship. Peabody is expected to run ahead of Bellotti in this city.

Local attention also is centered on lively contests for the Republican and Democratic nominations for the House of Representatives in the new fourth Middlesex legislative district which takes in Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

Contenders in a three-cornered clash for the two GOP endorsements in that newly created district are Representative John W. Whittemore of Newton, Representative Henry A. Turner of Waltham and former Alderman Robert Tennant of Newton.

Whittemore is heavily favored to win renomination. Be-

cause the bulk of the district's vote is in Newton, Tennant may nose out Representative

Turner's district was one which was broken up when the seats in the House of

Representatives were reapportioned. Forced to campaign in three Newton wards, where he has never run before, Turner has faced a hard fight for political survival.

Battling for the two Democratic nominations in the same district are Representative Joseph G. Bradley, Democratic State Committeewoman Betty Taymor and Attorney Paul F. Malloy, all of Newton.

Representative Bradley, who made an unsuccessful bid for the Democratic nomination for Lieutenant Governor at the Democratic State Convention in June, is expected to win renomination for a second term in next Thursday's primary.

Mrs. Taymor and Attorney Malloy will fight it out for the second nomination.

There are no primary contests for nominations for the House of Representatives in the fifth Middlesex district which includes Wards 5, 6, 7 and 8 of Newton.

Representative Lorenz F. Muther, Jr., and Alderman Theodore D. Mann are unopposed for the Republican House endorsements in that district.

Also getting a free ride in next Thursday's primary in the same district are the two Democratic aspirants, Representative Irving Fishman and Henry G. Barry.

A knock-down struggle for two seats in the House looms after the primary between Muther, Mann, Fishman and Barry. Muther, a Republican, and Fishman, a Democrat, are the present legislators.

Democratic State Senator Beryl W. Cohen of Brookline has no primary opponent in

Handshake And Victory Smile

Early News, Ad Copy Requested Decisive Win For "Y" Singles Champ

Due to the Labor Day holiday on Monday, September 7, it will be necessary to request that news and display advertising copy be received in our offices early, for publication in the issue of Sept. 10.

News and display advertising personnel will be available on Saturday to process any copy received. It would facilitate the publication of the issue of the 10th if a considerable amount of copy was received by Saturday morning.

Leonard Albert of 41 Cotter road, Waban, realized a long-time ambition when he won the Singles Tennis Championships at the Newton YMCA last week.

The Waban athlete, in a sense often a bridesmaid but never a bride, had been a runner-up in many "Y" tennis tournaments before smashing through to final victory in the current competition.

Albert may have waited some time before attaining

the championship but he finally clinched the crown in convincing style when he defeated his opponent, Ty Fuller of Sudbury, by scores of 6-3, 6-0, 4-6, and 6-2.

Future Taxes Is Basis For Loan

City Treasurer Archie R. Whitman reported late last week that a \$500,000 loan in anticipation of taxes had been arranged.

The Board of Aldermen has authorized the treasurer to borrow \$750,000 this year. The \$500,000, added to the previously borrowed \$6,000,000 on short term notes, brings the total for 1964 to \$6,500,000, which equals the all-time record for such loans.

The National Shawmut Bank of Boston was the lowest of six bidders for the new loan. The figure: 1.53 percent.

Mayor Donald L. Gibbs has decided to leave it to the courts whether a pedestrian footbridge shall be erected over the toll road extension at Newton Corner.

Lasell Junior College Lists Top Enrollment

Lasell Junior College, Auburndale, will open September 17 with a "full house" of 700 students, according to Dr. Blake Tewksbury, president.

This marks an all time high for the college whose 1963-64 enrollment was 650, Dr. Tewksbury said. Although the majority of the added number are day students, a new residence house has been added, allowing for an increase in resident students also.

This increase results in the

Newton teenagers who topped all previous individual records for hours of service as summer volunteers at Beth Israel Hospital have been honored at a tea given for their mothers by the hospital. They were among 32 high school and college students who contributed more than 2900 hours to the hospital this year.

Two Newton girls were honored for the number of hours they have given during two summers in the program. Susan White, daughter of Dr. and Mrs. Malvin

White of Chestnut Hill, was cited for 300 hours, and Barbara Rubin, daughter of Dr. and Mrs. Harold Rubin of Newton Centre, was lauded for 250 hours of service.

Dr. Sidney S. Lee of Newton, general director of the hospital, awarded the youngsters special certificates and pins of the American Hospital Association during the ceremonies, and praised the

expected when the Newton schools open for the 1964-65 year on Monday, Sept. 14.

That number is almost identical with the school population on hand last June, when the previous school year

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Candidates in Final Drives For Next Week's Primary

Candidates for Democratic and Republican nominations in the Sept. 10 primary are now sweeping into their final week of hectic and intensive campaigning.

Their big problems are how to arouse the interest and attract the attention of the voters over the Labor Day weekend and how to get them to go to the polls on Thursday of next week.

Some upsets may be in the making as the office-seekers come down the home stretch of their primary races.

Many political hopes are destined to die as the returns are tabulated on primary night. Many ambitious candidates will be swept into oblivion.

Most of the primary excitement will be generated by battles for Democratic nominations, with the struggle for the Democratic endorsement for Governor topping the list and overshadowing all else.

Newton Corner Has Traffic Headaches

Traffic congestion and complications of Toll Road Extension through this city are illustrated in this photo taken at Newton Corner, which led to Community Renewal Program.

Meeting Planned To Air Renewal Project

Newton has been concerned with problems of late growing from an increasing traffic congestion as well as with areas of sub-standard housing within the community.

Complications of the extension of the Toll Road through Newton also contribute to the local municipal headache. These problems led to the Community Renewal Program planned for this city.

A colored slide presentation of the Community Renewal Program will have its premier showing on Tuesday evening, September 22, at Newton High School.

The professionally prepared 18-minute slide show has been planned and executed by the Newton Chamber of Commerce. The Chamber will co-sponsor the meeting and presentation along with the Newton League of Women Voters and the Newton Community Council.

It is well recognized here that increased traffic coupled with the Toll Road Extension through Newton will have an important effect on the future of the city.

Getting everything put in place at the new facility will have to be a gradual job, the commissioner said, explaining that in addition to its physical aspects there is considerable paper work that will have to be done, with the comptroller's and the treasurer's offices involved.
In consideration of all that, he said, no definite date for completion of the transfer can be set at this time.

Bridge Signs Are Billboards Gibbs Contends

Progress in his effort to require state licenses for advertising signs painted on highway bridge abutments was reported early this week by Mayor Donald L. Gibbs.

For nearly five years he has maintained that such signs are in reality billboards, and, therefore, applications for licenses should be made to the outdoor advertising division of the state public works department.

The Mayor repeatedly complained of advertising on the bridge over the Worcester Turnpike at Newton Upper Falls. It appeared shortly after the MTA took over the Highlands Branch from the Boston & Albany Railroad. Complaints to the MTA Advisory Council, of which he is a member, brought no response from General Manager Thomas J. McLernon, the Mayor said.

But recently, the outdoor advertising division gave him encouragement in his crusade by ordering the new MBTA to apply for a billboard permit for the bridge signs, one facing Boston and one facing Worcester.

The city has received an official notice that if Newton wants to object to the sign's permit, it must file a notice within 30 days, and a public hearing on the matter will then be called. The Mayor has forwarded the notice to the Board of Aldermen as a move toward registering the city's opposition to the signs.

All interested in appearing or working backstage are invited.

The Boston Floating Hospital is the pediatric unit of Tufts-New England Medical Center.

The cash donation this year will be used to buy several pieces of necessary equipment for laboratory work and research projects at the Floating Hospital. Last year's gift was a defibrillator and oxygen saturation meter purchased by the Goodwill League.

Dr. Marshall B. Kreidberg, assistant pediatrician-in-chief at the hospital, accepted the gift for the hospital.

Rosh Hashono To Be Observed Sunday

Jews in Newton and throughout the world will gather to observe the ancient and hallowed day of Rosh Hashono, the Jewish New Year, at sunset on Sunday, Sept. 6. This, according to the Hebrew calendar, is the year 5725.

Rosh Hashono begins the 10-day period known as the "Days of Awe," ending with Yom Kippur, a day of fasting and atonement. The Jewish New Year, unlike that of other peoples, is greeted less with exuberance and gaiety than with prayerful self-examination and contrition.

Though the exact origins of this holiday are buried in the ancient past, the Book of Exodus contains clear instructions for the ways in which this "Day of Judgment" was to be observed.

The manner in which Jews observe Rosh Hashono in 1964 is virtually unchanged from the period of the Babylonian exile (586 B.C.E.), through Orthodox Jews celebrate it for two days and Reform Jews for only one.

The most dramatic moment in the traditional Rosh Hashono service comes with the blowing of the shofar, a ram's horn (which is one of the oldest instruments known to man). The sound of the shofar is a piercing, powerful one; to Jews ancient and modern it has meant many things; a call to battle, the tearing away of the old year, a plea to God that he remember man.

But above everything else it is an alarm to man to awaken from his indolence and apathy, to rouse himself from moral torpor and with renewed zeal turn to the task of finding a place for God in God's own world.

Rosh Hashono is a holiday of reflection and self-evaluation, strongly colored with hope for the future. The wish for a "sweet" year of happiness and fulfillment is symbolically expressed at the traditional evening meal; families dip a piece of bread or apple into a bowl of honey, in the hope that "sweetness" will flavor the year to come.

No primary contests are being waged in Newton for State Senate nominations.

Thomas J. Barry is the lone Republican candidate for the Senate in that district and will stand against Cohen in the final election.

Morris Kritzman of Newton is unopposed for the Democratic nomination for the Senate in the Norfolk-Middlesex district. In the fall election campaign Kritzman will run against Senator Leslie B. Cutler who also has no opposition for renomination.

Governor's Councillor Margaret M. Heckler is unchallenged for Republican renomination. A contest for the Democratic nomination for the Executive Council and the right to stand against Mrs. Heckler in the November election is being waged between Paul J. Donahue of Boston and John M. Tosca of Brockton.

A total of 47,167 Newton citizens are enrolled as voters and eligible to cast ballots in next Thursday's primary.

Election Commission Arthur G. Heaney predicts that between 35 and 40 per cent of them will take advantage of that opportunity and go to the polls on Primary Day.

That would mean that more than half of the registered voters in Newton would disregard the primary.

Polling places in Newton will be open from 7 a.m. until 8 p.m. for the primary.

Appeal To The Pocketbook

The annual plea for safe and sane driving over the Labor Day week-end reveals an entirely new facet this year.

Registrar of Motor Vehicles James R. Lawton today reminds motorists that the campaign to reduce motor vehicle accidents this year is in keeping with the new merit plan for insurance rates which started on Tuesday, September 1st under the direction of Commissioner of Insurance C. Eugene Farnam.

With this plan, motorists who remain accident-free for one year beginning September 1, 1964, will receive a financial benefit in their 1966 compulsory insurance premiums.

The plan, also, will result in higher insurance premiums for those motorists involved in accidents causing personal injury.

So, there you have it. If the traditional appeals to safety for life and limb won't work, maybe the involvement of the pocketbook may produce those long-awaited results and an increase in safe driving practices.

Evening services will take place at 7:15 p.m. in the Temple sanctuary and community hall. The first service on Monday and Tuesday mornings will take place at 7:45 a.m. The second service will commence at 11:15 a.m.

Political Highlights

(Continued from Page 1)

While there are no Republican state-wide primary contests, some interesting GOP fights are being waged for lesser offices.

Governor Endicott Peabody is favored to defeat three opponents and win renomination for a second term. Pollsters estimate Peabody's margin of victory will be somewhere in the vicinity of 50,000 votes.

But supporters of Lieutenant Governor Francis X. Bellotti claim the stage may be set for a stunning surprise such as occurred in the 1960 primary when former Springfield Mayor Thomas J. O'Connor wrested the Democratic nomination for U. S. Senator away from the then Governor Foster Furcolo.

Bellotti has waged a hard, forceful fight against heavy odds. He expresses confidence that he will come out the winner when the returns are counted. Most of the experts disagree with him.

Political analysts believe that Peabody is leading Bellotti with the primary only a week away but that their race is close enough so that either man could win it with a strong finishing spurt.

Peabody has run and is running "scared" in his struggle with Bellotti. He is taking nothing for granted. He has put on a meet-the-people campaign such as no Governor in memory has made.

It has not been unusual for Peabody to be riding subway trains and shaking hands with voters at 6 o'clock in the morning and to be still campaigning at midnight that same day. And Peabody projects well in his personal contacts.

Three factors are militating against Bellotti. One is that he is striving to unseat a sitting Governor in his own party. A second is that Middlesex County District Attorney John J. Droney and ex-Representative Pasquale Caggiano are splitting the anti-Peabody vote and taking support away from Bellotti. A third is that the primary comes earlier than in other years. (Bellotti himself insists that this latter factor may help rather than hurt him.)

Peabody, of course, has the advantage of being endorsed by the Democratic State Convention.

Yet in each of the last five primaries at least one candidate picked by the State Convention has been rejected by the Democratic voters.

This year there are only two statewide Democratic battles, the struggle for the nomination for Governor and the four-way fight for the endorsement for State Treasurer.

Most Democratic chieftains, including the lieutenants of hospitalized Senator Edward M. Kennedy, have been quietly rallying behind Peabody.

The action of top Democratic leaders in arranging for Peabody to introduce Rhode Island Governor John O. Pastore, keynote speaker at the Democratic national convention, unquestionably aided Peabody to some extent in his fight with Bellotti.

Peabody would have been helped even more except that the TV channel with the biggest watching audience did not carry his remarks but instead showed interviews from the floor of the convention hall while Peabody was speaking. Nevertheless, Peabody received some exposure, and it worked to his advantage.

Surveys of voting sentiment in the Democratic gubernatorial race indicate that Middlesex County District Attorney John J. Droney is running third, that he is taking most of his votes away from Bellotti and that this is changing the aspect of the contest.

Ex-Representative Pasquale Caggiano of Lynn is a poor fourth in the fight but also is pulling some votes from Bellotti.

Bellotti took a big political gamble when he decided to challenge Governor Peabody.

He could have been renominated, probably "could have been re-elected Lieutenant Governor and would have had an easy, comfortable, well-paying public position for the next two years.

Instead, Bellotti chose to gamble his political future in a bid for the top post in the State government. He is an astute politician, unquestionably knows exactly what he is doing and recognizes the odds against him.

So far Bellotti has been rather moderate in his attacks upon Peabody. The political seers anticipate that he'll take off the gloves and swing from the floor in the time remaining before the voters render their decisions on Thursday of next week.

State Treasurer Robert Q. Crane should win the four-way

Rabbi M. David Weiss will speak on, "Our Text is Life." The several choirs that will assist the Cantors are directed by Louis Siagel. Organists are Dr. Robert Weiss and Arthur F. Fultz.

Those are questions the political analysts ask. Only the voters will supply the answers.

The fourth candidate in the State Treasurer field is Governor's Councillor and Lawrence Mayor, John J. Buckley. He appears strong in Essex County, but not especially well known outside his own county.

It will be a distinct upset if anyone other than Crane wins this contest.

Aside from the two Democratic statewide battles, interesting primary clashes will be decided a week hence for nominations for the Governor's Council, the State Senate, the House of Representatives and in one case for Congress.

Out in the Ludlow-Chicopee area in Western Massachusetts, indicted Speaker John F. Thompson is fighting for his political life. Thompson is generally expected to win Democratic renomination next week and probably re-election in November. However, he will face a much sterner struggle to retain the Speakership when the Legislature reconvenes in January.

Aging, feeble Congressman Joseph W. Martin, Jr., is being challenged in the Republican primary by ex-Representative William Nourse of Medfield. It is extremely rare that a Congressman is defeated for renomination, and Martin probably will prevail. Nourse, however, is putting on a strong campaign. He is handling Martin with kid gloves but is arguing that Martin's congressional district needs more vigorous representation on Capitol Hill.

Because of the number of State Senators and House members who are retiring from those two bodies or are seeking promotion to higher offices, more than an ordinary number of hot contests are being waged for seats in the two branches of the State Legislature.

The fact that the 240 seats in the House of Representatives have been reallocated and that in some instances legislative districts have been revamped also has resulted in spirited local competition in many areas.

For all the candidates involved in primary fights for nominations for offices ranging from State Representative to the Governorship the wraps are now off. The heaviest ammunition is being fired. All-out drives are being mounted. The day of decision is only a week away.

Renominate JOE MARTIN For Congress

Reward Dedicated Service to the State — the Nation the Republican Party

Congressman Martin's seniority and experience in Washington provide influence and prestige which benefit Massachusetts.

For example, just this year, he fought successfully for the new Electronics Research Center which will boost our economy in the Space Age years ahead.

"Speaker McCormack and ex-Speaker Joseph W. Martin, Jr., bi-partisan supporters of the project and a couple of experienced political 'pros' have been the masterminds behind the proposal on the House side."—Washington correspondent Wilfred C. Rodgers in the Boston Globe, February 25, 1964.

When the authorization bill for the Center was originally before the House, opponents of the Massachusetts site threatened to kill the bill. Referring to Martin's speech defending the location, the Boston Globe on August 2, 1963, said: "All during his talk there was silence in the House. When Martin finished, there was applause from each side of the aisle. Members of both parties rushed to shake his hand. There was the formality of voting and all knew the results. Joe Martin had carried the day. The amendment was beaten by a vote of 111 to 64."

Youth, Not Long From Ireland, Dies Swimming

Last Sunday's drowning in Crystal Lake was by far the most tragic of any of the accidents reported during the past week.

The victim, Ulick Kelly, 20, had been in this country only six weeks, having come here from Ireland.

He went to the beach with the couple with whom he was staying, Mr. and Mrs. Michael F. McWalter of 16 Whittemore Rd., Newton. In mid-afternoon, unable to find him, they reported his absence to the beach manager, John Walsh of Newton Highlands.

When a search of the area failed to locate him they concluded that he had walked back to their home. Later, lifeguards found his body near the raft.

The lad's nearest relative in this country is an aunt, Mrs. Robert Jackson of Newport, R. I., who was notified. He was in the employ of the Lightcontrol Company of Watertown.

Rabbi Rothman To Usher In Year Of 5725

The congregation of Temple Shalom of Newton, numbering more than 2300 men, women and children, will join in worship at identical early and late Rosh Hashanah evening services on Sunday, Sept. 6, at 6:45 and 9:15 o'clock.

Children's services will be held on Monday, Sept. 7, at 9 in the morning, and the Rosh Hashanah service will begin at 11 a.m.

Rabbi Murray I. Rothman will conduct the services, assisted by lay leaders.

In ushering in the Holy Days of the year 5725, Rabbi Rothman will emphasize the Hebrew words that are a significant portion of the New Year service — "Shma Israel" (Hear O' Israel), "Adonai Eloheinu, Adonai Echod" (the Lord is our God and He is One).

That part of the service, he will explain, is "the watchword of our faith, and a fuller understanding of its implications and applications will surely make the coming year a richer and more satisfying one for us, and for the entire household of man."

To Enter Hebrew Teachers College

The following graduates of the Beth El Hebrew School of Newton Centre will enter the Hebrew Teachers College High School department this fall, according to an announcement by Dr. Sumner Frim, chairman of the school committee; Steven Blinder, Stephen Fine, Marcia Gerson, and Sharon Gerson.

Cantor Abraham Shonfeld, head teacher of the school, was their instructor. The school is under the supervision of the Bureau of Jewish Education.

Legislature last month, persons 21 years of age or over will be eligible to obtain cards bearing their name, date of birth, signature, address and photograph for a \$2 fee. Applications may be made beginning Oct. 10.

The new law is aimed at preventing sales and purchases of alcoholic beverages by minors, but it does not, however, exempt licensees

from criminal liability in sales to a minor.

The state board is in the process of drawing up application forms which will be put in the hands of local boards in the near future.

Representative John W. Whittemore and former Alderman Robert L. Tennant are expected to win the two Republican nominations for the House of Representatives in next Thursday's primary in the newly created legislative district which includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

Whittemore, one of the most respected legislators on Beacon Hill, should top the ticket in his run for re-nomination. Tennant is picked to come in second and gain the other nomination.

Tennant, who has been active in civic and charitable affairs, served two years in the Board of Aldermen. He is president and treasurer of the R. L. Tennant Insurance Agency in West Newton. He is vice president of the Newton Kiwanis Club, a member of the Newton Chamber of Commerce and the Newton Lodge of Elks and has served as chairman of the Newton United Fund.

PLAQUE PRESENTATION—Joseph Mascia, 82 Fair Oaks Ave., Newton, left, agent for Allstate Insurance Companies, looks on as Allstate vice president, Paul L. Gasbarino, center, presents gold plaque to James R. Collier, Lexington, who today became Allstate's seven millionth policy holder.

Allstate Insurance Fetes 7,000,000th Policy Holder

A Massachusetts resident, James R. Collier of 3 Chandler street, Lexington, today was the most widely feted purchaser of insurance in the country.

He became the Allstate Insurance Group's seven-millionth current policyholder, marking a significant milestone in the company's phenomenal growth.

Judson B. Branch, Allstate president, said it was appropriate that the seven-millionth policyholder be from Massachusetts, because the com-

panies have expanded rapidly in the state as a multiple line insurance carrier.

Collier, 41, his wife, Claire, and children, Susan, 16 Janet, 14, and William, 12, were presented a plaque by Allstate's Eastern Zone Vice President Paul L. Gasbarino. Collier also was honored at a reception by all the companies' Massachusetts agents, was widely photographed and interviewed, and received a stack of congratulatory wires from throughout the United States and Canada on behalf of Allstate's 20,000 employees.

Collier, manager of Domestic Product Planning for Raytheon Co., headquartered in Lexington, purchased the landmark policy for his new automobile. He is a 1946 graduate of the United States Naval Academy, Annapolis, where he ranked first in his class.

"Helping insure this enterprising family's future typifies the role of the insurance industry in building a strong economy," Branch said.

Allstate's million policy markers have been reached with increasing rapidity; he noted. The company, which is only 33 years old, has added six million of its policies in force in the past 13 years. Expansion of the company, world's largest stock insurer of autos, into homeowners, fire, health, business insurance and other lines has speeded its growth.

The seven-millionth policy was sold to Collier by Herbert Everett of Waltham, Mass., an Allstate agent with a distinguished record in insurance and in community activities. He was a state director for the Waltham Junior Chamber of Commerce, and a past president of the group. He was city chairman of the Easter Seal Society in 1961, and served as 1959 business chairman of the Waltham United Fund.

"Massachusetts and the entire eastern area have played a prominent role in Allstate's dramatic growth, with policies in New England tripling during the past 10 years," Gasbarino said.

Allstate's Massachusetts offices are part of a network of more than 1,600 sales-service locations in the United States and Canada.

Bridge

(Continued from Page 1)

of the bridge and roadway that connected Newton Corner with Center street across the railroad tracks, would save pedestrians a great many steps, the mayor points out. At present, because of the massive and elaborate layout there for ramps to and from the toll road, pedestrians have to walk 1350 feet to cross the pike. With the proposed bridge in place, they would need to walk only 900 feet.

The mayor declares that the late William F. Callahan, original chairman of the Turnpike Authority, promised him such a span would be constructed. However, he adds, the present chairman John J. Driscoll, now the holder of the Authority's purse strings, holds that there is no need for the footbridge.

Driscoll is taking an arbitrary and capricious attitude in denying to serve public convenience, the mayor says.

Furthermore, during the Callahan administration, it looked as if there would be high-rise development over the turnpike at the Corner, a procedure that would be tremendously advantageous to the City of Newton, the mayor went on.

But now, under Driscoll, high-rise talk has subsided, he says, and points out that with high-rise development a footbridge would not be needed as the toll road would be covered over at that point.

Re-elected as board members were Joseph Greenbaum of Newton Centre, Lawrence G. Laskey of West Newton and Abraham Runstein of Newton.

Man's Progress Science Topic

States and stages of human progress will be explored in the Bible Lesson on "Man" at all Christian Science churches this Sunday.

Bible selections will include the following from Romans (ch. 12): "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

Readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include these lines (p. 296): "Progress is born of experience. It is the ripening of mortal man, through which the mortal is dropped for the immortal. Either here or hereafter, suffering or Science must destroy all illusions regarding life and mind, and regenerate material sense and self. The old man with his deeds must be put off."

Miss Diane Marks Is Bride Of Mr. Bradbury H. Huff Jr.

At a recent candlelight ceremony in the Congregational Church of Needham, Miss Diane Adell Marks, daughter of Mr. and Mrs. Philip W. Marks of 52 Whit-tier road, Needham, became the bride of Mr. Bradbury Herbert Huff Jr., son of Mr. and Mrs. Bradbury H. Huff of 20 Ashville road, Newton Lower Falls.

Rev. Herbert Rhodes Smith officiated at the seven o'clock, evening ceremony, which was followed by a reception in Hillcrest Hall, Waltham.

Given in marriage by her father, the bride wore a formal gown of bridal taffeta fashioned with a modified empire bodice and a very slim skirt decorated with pearl and crystal beaded motifs of Chantilly lace. A redingote overskirt of Chantilly lace banded with taffeta formed the pointed chapel-length train.

The bridal bouquet featured a cascade of white sweetheart roses centered with a white cattily orchid, stephanotis and ivy.

Mrs. David Donald of Needham was the matron of honor, and bridesmaids were Miss Margaret M. Bigelow of Rutland, Miss Deborah Huff of Newton Lower Falls and the Misses Marcie Colpas and Sandra Sharpe of Needham.

Miss Joy Ann Donald, also of Needham, was the junior bridesmaid, and Mrs. George S. Marks of Broadbrook, Conn., presided at the guest book.

Serving as best man was Mr. Emile W. J. Troup of Newton Lower Falls. Ushers, headed by Mr. David R. Donald of Needham, were Mr. George S. Marks of Broadbrook, Conn., and Mr. Paul Emmetts of Wellesley. Junior usher was young George S. Marks of Broadbrook, Conn.

Hidden Valley, Lake Luzerne, N. Y., was the couple's honeymoon destination.

The bride is a graduate of Needham High School and Nasson College. Mr. Huff was graduated from Newton High

MRS. B. H. HUFF JR.

School and Northeastern University. Upon returning from their honeymoon trip, they will reside in Newtonville.

Following the wedding rehearsal, the entire bridal party was entertained by the bridegroom's parents at a dinner party at the Pillar House.

Clayman-Addelson Wedding at Bride's Parents' Home

Miss Judith Verne Addelson and Stanley David Clayman were married recently by Rabbi David Alpert, who officiated at the ceremony which united the bride's parents 24 years ago.

Mr. and Mrs. Arthur Addelson of 36 Irving St., Newton Centre, and Mr. and Mrs. HARRY Clayman of 945 Hammond St., Chestnut Hill, are the couple's Parents.

The setting for the pretty summer wedding was the home of the bride's parents. A reception followed the double-ring ceremony.

Given away by her father, the bride's ivory peau de soie gown was appliqued with jeweled Alencon lace. Her silk illusion veil fell from a crown of orange blossoms. She carried her Bible with a cascade of orchids and stephanotis.

Mrs. David Love of Needham, sister of the bridegroom, was matron of honor.

William Stephen Addelson of Newton Centre, brother of the bride, was best man.

The couple, who left for Jamaica, plan to live at New River, North Carolina.

(Hookallo) MRS. STANLEY CLAYMAN

The bride is a graduate of the University of Massachusetts, class of 1964.

The bridegroom, who attended Brown University, is now serving as a lieutenant in the Marine Corps Reserve.

A Sept. 12 wedding is planned by Deborah and her fiancé.

The Parsons girls are granddaughters of the late Mr. and Mrs. Edward Goodison Parsons of Allston and the late Mr. and Mrs. William Parsons of Coley's Point, Newfoundland, Canada.

The Rev. Charles Harper, assistant minister, performed the 2 o'clock afternoon service, which was followed by a reception.

Given in marriage by her uncle, Mr. John M. Curtis of Auburndale, the bride wore a full-length gown of white organza over taffeta appliqued with precious lace, entraine.

Her fingertip illusion veil was caught by a pillbox cap of embroidered organza marked with seed pearls. She carried a cascade of white roses, miniature carnations, stephanotis and baby's breath. Mrs. Peter H. Wolff of Newton Highlands, sister of the bride, was matron of honor. Miss Sandra Douglas of Newton and Miss Martha Saxton of West Newton were the other attendants.

In addition to the new classroom personnel there will be 10 new persons in the division of instruction, five in the division of personnel services and two in administration. For the most part, according to department officials, the new staff members replace teachers who have resigned for various reasons, including a desire to concentrate on homemaking and the fact that the husband is changing his position and moving out of the area. No new school buildings or additions will be ready for occupancy this month.

Crime Scenes Get 2nd Visit

Two culprits returned to the scene of their crimes and did it again this week, according to reports to the police. On Sunday night, it was said, the obviously long-armed thief who broke a window of a Woodland Golf Club refreshment stand and got himself \$22.50 worth of cigars, cigarettes and edible snacks by extending an arm through iron bars three nights previously, put on a repeat performance. This time the loot was valued at \$12.00. On the night of the long-armed one's initial performance, vandals threw a statue into the water of Maurice Godin's swim pool at 400 Waverly Ave., Newton Centre. Damage caused amounted to \$250, Godin reported. The same amount of damage was done in the same manner the week before, according to Godin.

State Upholds Board Ruling

The Massachusetts Contributory Retirement Board has confirmed action by Newton's Retirement Board in refusing to grant a pension to Mrs. Elizabeth Flanagan, 61, of 152 Pearl Street, Newton. Mrs. Flanagan, who worked as a school janitress for several years, applied for retirement last year, contending in her application that her heart condition was acquired in the course of her employment. The local board had ruled that heart attacks are not compensable except for police and firefighters, who are covered by the so-called "heart bill."

largest entering class, numbering 400, plus the highest total enrollment in the school's history. Feeling the "growing pains" that are engulfing most colleges and universities today, Lasell's office of admissions reports that during this year 3900 have sought information regarding entrance in 1965. Last year's requests for 1964 admittance totaled 2174. To help meet the increasing demand, plans are now underway to provide two new dormitories, housing 120 girls for the Fall of 1966.

Parking Lot, New Road Now Set At Temple

A milestone in the life of Newton's young Temple Beth Avodah was reached this week when alternations and redecorating to the school class rooms were completed and a new road and parking lot finished and open to the members of the congregation.

The completion of road and parking lot will be found to be timely and of considerable benefit inasmuch as the projects were concluded just in time for the High Holy Days which begin with Rosh Hashono at sunset on Sunday, September 6th, and ends with Yom Kippur at sunset on September 16th.

Ribbon cutting ceremonies held this week officially opened the new road and parking lot. Taking part in the event were Jay I. W. Muskow, chairman of the house committee, and Frederick S. Shapiro and Melvin J. Fisher, vice presidents.

Joseph Doyle Lawyer And Athlete Of Old

A requiem Mass for Joseph Doyle, 93, of 36 Crosby Rd., Chestnut Hill, practicing attorney for more than 60 years and a former champion in cross country and mile running, was sung Monday, Aug. 31, in St. Ignatius Church, Chestnut Hill.

Mr. Doyle died at his home Aug. 28 following a brief illness.

He was a member of the first graduating class of the old Northeastern University Law School, and belonged to the Boston, Middlesex County and American Bar Associations, and was also a member of the St. Ignatius Holy Name Society and Bench and Bar, a golf organization of lawyers and judges.

For many years he was active in the Boston Athletic Association and its predecessor, the old Trimount Athletic Club. Mr. Doyle was a participant in the first B.A.A. track meet ever staged, and he took part in the first United States cross country race ever run. In 1908, when he was 87, he played nine holes of golf on four occasions. It was only a year ago that he retired.

Survivors are his wife, Mrs. Grace (McPhee) Doyle; three sons, Arthur J. of Kansas City, Mo., and Kevin of Newton and Boston, both attorneys; and Dr. Joseph Doyle of Jamaica Plain, an obstetrician; five daughters, Mrs. Eileen Cavanaugh and Mrs. Marjorie Murphy, both of Cambridge, Mrs. Madeline Shannon and Mrs. Joan Hubert, both of Needham, and Mrs. Grace Sneden of Baltimore, Md., 31 grandchildren and a great-grandchild. Burial was in Mt. Benedict Cemetery, West Roxbury.

Temple Religious School Adds New Faculty Members

The administration of Temple Beth Avodah Religious School and Dr. Herschel Malick, director of education, announce that classes will resume on Sunday, September 13. This will mark the second year in which an opportunity for religious education will be offered. Temple Beth Avodah of Newton is a member of the Union of American Hebrew Congregations, the affiliate of all Liberal Temples in the United States.

Because of an increase in student enrollment a number of new members have been added to the faculty, bringing with them many years of experience in the field of secular as well as Religious education. In addition to Miss Ellen Smith and Mrs. Barbara Kasoff of last year's faculty, this year's staff will include:

Mrs. Noah Benderley of Israel, who is a graduate of the Jean Jacques Rousseau Institute of the University of Geneva in Switzerland; Mrs. Stanley Sage, a graduate of the University of Pennsylvania, who will be responsible for all phases of the music program including a children's choir; Mrs. Rosalinda Sirata, presently teaching in the elementary schools of Holbrook; Philip Sirata, presently teaching in the public schools of Boston and well known to many in the area because of his long association with the Brimmer May Day Camp; Miss Susan Young of Boston University; and Mrs. Benjamin Gurian, currently in the graduate school of the State College.

In addition to regular Sunday School classes, Temple Beth Avodah Religious School offers an optional program, more intensive religious study in its Hebrew School which meets each Tuesday and Thursday.

Further information concerning the Temple and its Religious School may be obtained by calling Philip Shapiro, chairman of the Religious School (DE 2-6487) or Daniel Shapiro (DE 2-6772), chairman of the membership committee.

Newton YMCA Offers A Wide List Of Courses

Registration for Newton YMCA adult classes for men and women, and for specially sponsored children's groups in classical ballet, music, theater and creative dance, will get underway the week of Monday, Sept. 21.

The classes for men and women 18 years old or more are informal and friendly, and there are no exams, credits or degrees. The idea is to offer an opportunity to learn something, prepare for advancement, and to meet new friends and enjoy social and recreational advantages.

The list of available courses includes creative writing, investments, languages, social and expressive dancing, art, folk guitar, fencing, driving, enameling, mineralogy and flower arranging.

Each class has a maximum size set for it, so it would be well to make application well in advance of the registration date.

The "Y," always ready to be of service, will make arrangements wherever possible to give courses other than those currently listed. For information call the Adult Division, BI 4-6050, and make your desires known.

Political Sign Case Gets Postponement

The attorney for Anthony Pellegrini maintained in Newton District Court last week that the law prohibiting a person from erecting a sign on his own property was unconstitutional, and Judge Henry P. Crowley then postponed Pellegrini's case until Sept. 11, after the primaries, to permit submission of briefs. Pellegrini had refused to remove three political signs from his home at 59 Clinton street, Newton. One is 4 feet by 8 feet, and two are 12 by 24 inches.

Fall lawn fertilization is good practice because it builds up the reserves for the grasses and summer weeds having run their course thus cannot utilize the nutrients. Music Festival In Its 105th Season

WORCESTER, MASS.:—The nation's oldest Music Festival in Worcester, Mass., planning its 105th season this October (1964) probably has patrons with world-breaking attendance records too.

For some area families attendance is a tradition more than half a century old, and since 1933 when the Festival first used the city's new Auditorium they have been in the same seat locations year after year.

Programs of the early 1900's are fond memories for such faithful Festival fans as William C. Reed, 12 Otsego Road, Hermann P. Riccius, 39 William Street, and Harry B. Lindsay, 1 Cedar Street, all of Worcester.

Their checks have come in for series tickets over more than 50 years. This fall (1964) they will tap toes (quietly!) and applaud (enthusiastically!) with newcomers at their first festival when pianist Leon Fleischer, opens the 105th concert series on October 16, 1964.

Other 1964 performers include soprano Victoria de los Angeles, Friday, October 23; Florence Kopleff, contralto, and Whittemore and Lowe, duo-pianists, Saturday, October 24; and Jerome Hines, Metropolitan Opera basso, Sunday, October 25. The Detroit Symphony Orchestra, under its new conductor, Sixten Ehrling, will make its seventh appearance as Festival Orchestra, with the host city giving a special salute to the former musical director of the Stockholm Royal Opera, on Saturday, October 17.

The Worcester Chorus of 150 voices will perform at four of the five major programs under the direction of the Festival's musical director, Alfred Nash Patterson.

American Cancer Society Report

More than 1,200,000 people alive today in the United States, cured of cancer!

This is what the American Cancer Society reports. The Society paints even a brighter picture.

"An additional 700,000 cancer patients diagnosed and treated within the last five years will live to enter the ranks of those we called cured. This means there are actually 1,900,000 Americans cured of cancer today, although 700,000 will not be counted formally as cured until they have completed the five years."

A person is considered cured if there is no evidence of the disease five years after treatment.

Against this bright side of the fight against cancer there is a dark one. Some 46,000,000 Americans now living will develop cancer if present rates continue.

The Society estimated that one half of all cancer patients can be saved by early diagnosis and prompt treatment. Yet only one out of three is saved.

About 90,000 patients will die in 1964 because their cancers were not diagnosed in time and promptly treated. This is why the Society emphasizes annual health check-ups as the best insurance against death from cancer.

Also on the dark side is the fact that modern science and skills do not permit the saving of half of those who develop cancer. Saving these lives depends on research.

The American Cancer Society is currently spending more than \$12,000,000 on cancer research to support over 1,000 key researchers and thousands of technicians in hospitals, universities and other research institutions. Since 1945, the Society has spent more than \$127,000,000 on cancer research.

"This research program must be continued and expanded if we are to make further gains against cancer," the Society says. "Public support of the Cancer Society will help make this possible."

Blood Content
Baltimore — Average adult has 4 to 6 quarts of blood weighing 12 to 15 pounds.

A master electronic system for monitoring the condition of patients in surgery and recovery has been established at the Boston VA hospital, through joint research of its personnel with those of MIT. Basically an adaptation of space medicine instrumentation used to check on animal passengers in rocket nose cones, the surgical monitor will keep watch over heart and brain activity, pulse, respiration, temperature, blood pressure, and other body conditions, to give doctors early warning of any threatening changes. It is expected to aid considerably in making complex surgery safer for patients.

Tenderness Important In Meat Used For Grilling

Outdoor meals need not be monotonous or expensive. A wide assortment of kinds and cuts of meat can be prepared on an outdoor grill.

Since grilling over coals is a dry heat cooking method, tenderness is important in meat selected. Top grades and cuts that are naturally tender, such as steaks, are in much demand and high priced in the summer. There are many less tender and inexpensive kinds of cuts that can be made more tender. Physical methods of beating, cutting or grinding are frequently used to tenderize tough cuts of meat. Meat tenderizers are also used to break down connective tissues which connect the fibers. Though research has shown that little tenderness is actually gained by use of marinades made of fruit acid, tomato juice or vinegar, they are often used to enhance flavor.

Use of enzyme tenderizers at home give best results when used on thin cuts. The tenderizing agent penetrates only a fraction of an inch from the surface. Thicker cuts need to be pierced thoroughly with a fork to permit the tenderizer to penetrate the inner part of the meat. Follow instructions on the package as to correct amount and procedure.

Beef is a favorite for outdoor cookery. In addition to popular loin steaks and hamburger, tender muscle in the chuck-eye of the chuck—is a suitable cut. Flank steak can be an economical choice satisfactory for grilling. Top and eye of the round are also good.

Pork, too, is excellent but requires special care in cooking to get it well done. Keep fire low and allow plenty of time for meat to turn from pink to white. Chops, spare ribs, and fresh ham slices are high priced especially during the summer. Shoulder cuts are less expensive and can be used for steaks, barbeque and cubes for a skewer. Cured hams and cured loin chops are other possibilities.

Lamb offers variety. The loin chop is expensive, but lamb patties and shoulder steaks are in the range of hamburgers for an inexpensive menu.

Broiler chicken, small turkeys, and special pieces of either turkey or chicken are excellent grill possibilities. Skewered chicken livers alternated with small tomatoes, onions, and celery are also good.

Fresh or frozen fish may be used. The kinds that have a high fat content—such as salmon and mackerel—cook to a juicier product than those with little fat. A trick to use is to wrap fish pieces in foil with desired seasoning. Cook on top of grill until tender. Unwrap for the last few minutes.

Plan and use many different kinds and cuts of meat now available. Palatability and tenderness may be achieved by use of proper preparation.

September Designated As Sight-Saving Mo.

BOSTON — Governor Edmund Peabody has issued a proclamation designating the month of September as Sight-Saving Month in Massachusetts. The Governor has urged the people of Massachusetts to take cognizance of the importance of good vision, especially during the month of September.

A spokesman for the Massachusetts Division of the Blind in commenting on the Governor's proclamation urged all residents of the Commonwealth to observe Sight-Saving Month by having a thorough medical eye examination. John F. Mungovan, Director of the State agency for the blind, placed special emphasis on the role of parents in insuring good vision for their children.

"Children have no way of knowing how well they should see," Mungovan declared, "and must depend upon parents to recognize symptoms of eye condition." The State Director listed the following signs of eye trouble in children:

1. Attempts to brush away tears.
2. Blinking more than usual.
3. Rubbing eyes frequently.
4. Squinting when looking at distant objects.
5. Stumbling over small objects.
6. Sensitivity to light.
7. Red, swollen or encrusted eyelids.
8. Recurring sties.
9. Inflamed or watery eyes.

State Of Mass. To Be Featured On Capt. Kangaroo

NEW YORK — The colorful story of Massachusetts will be the subject of the Captain Kangaroo program on Friday, September 4. The hour-long program, seen over the CBS Television Network, will feature many aspects of the state's history, geography and economy.

Young viewers will learn that Massachusetts ranks first in the production of leather, shoes, woolen goods and rubber footwear; that it is a leader in the fishing industry, grows more than half of the nation's cranberries, and is a popular vacation area because of its varied terrain. From its covered bridges to cosmopolitan Boston, the color and variety of the state will be described in a way that children can appreciate.

With the aid of pictures, films and narrations, the history of the Bay State will be told—the Pilgrims landing at Provincetown and settling in Plymouth in 1620, the Massachusetts Bay Colony of Puritans, colonial life (as it has been immortalized in Old Sturbridge Village), the Boston Tea Party, the three Presidents that the state has given the nation.

Nervous In Job Hunt? Don't Be, Employers Say

"Don't worry about being nervous when applying for a job. It's a completely normal reaction."

That assuring advice was given by representatives of industry at a recent "job clinic" set up in Newton by the local office of the State Division of Employment Security.

Those who received it were four girls and a boy, teenagers, who were worried about the difficulty of finding and retaining jobs. Two members of the group were high school drop-outs.

If applicants for work come with a good attitude, good appearance and determination to be courteous under any condition, nervousness won't count against them, the youngsters were told, and it was pointed out to them that factors employers consider include spelling, neatness and accuracy.

In addition to personnel managers of two firms in the Newton area, three Boston University students in training under President Johnson's anti-poverty program as job counselors took part in the clinic, which was conducted by Miss Margaret V. Murphy, manager of the Newton Employment Security office.

Since it was held, Miss Murphy said, one of the youths has had a solid job offer, and others are being closely followed up.

Family Together After 37 Years

Mr. and Mrs. Robert Giaizzi of Milan, Italy, were guests of honor last Saturday at a party they'll long remember.

Their hosts were Mr. and Mrs. Henry Barboni, 390 Winchester street, Newton Highlands. Mr. Barboni is Mrs. Giaizzi's brother, and they had not seen each other in 37 years prior to the Giaizzi's arrival in this country.

The other party guests included Mrs. Giaizzi's sister, Mrs. Maria Barra of Dorchester, and 21 nieces and nephews.

The Milan couple will return to Italy Sept. 19 aboard the Italian liner Cristoforo Colombo.

Capt. Galloway Is Commended

The U.S. Air Force Commendation Medal has been awarded at San Angelo, Tex., to Capt. John C. Galloway, son of Mr. and Mrs. John Galloway Jr., 124 Harding St., West Newton.

The award was for meritorious service as chief of the engineering branch at Kunsan Air Base in Korea.

Commissioned through the Air Force ROTC program, the captain has B.S. and M.S. degrees in civil engineering. He attended Tufts University and the University of Illinois.

Spry Kiwanian At 94

W. Uriah Fogwill, speaking on podium, was feted by Newton and Waltham Kiwanis Clubs on 94th birthday. Also in photo, Mrs. Harold Linwell, his daughter, and Leon Mayer, a nephew.

Oldest Kiwanian Is Guest Of Local Club

Newton and Waltham Kiwanians met recently to jointly honor the oldest member of the Newton Kiwanis Club.

Guest of honor was W. Uriah Fogwill, who celebrated his ninety-fourth birthday at the surprise party sponsored by the service club members.

More than one hundred friends attended the affair. Included among whom were Mrs. Harold Linwell, daughter

of the guest of honor, and his nephew, Leon Mayer.

Mr. Fogwill took to the podium to personally thank those who had planned the party.

Congratulatory telegrams were read from Governor Endicott Peabody, U.S. Senators Leverett Saltonstall and Edward M. Kennedy, Mayor Donald L. Gibbs of Newton, and Mayor Austin Rhodes of Waltham.

Year Of Leadership For Newton Schools

The parents of the 17,800 youngsters who will answer Newton school bells next Monday for the first time in the 1964-65 academic year, can be assured that the city's school system will continue to strive for leadership in the field of education, and that during the coming year the authorities are likely to come up with innovations calculated to improve the already excellent educational methods.

In reply to The Graphic's questions yesterday (Wednesday), as to whether the coming year might bring forth some more national magazine comment like that of the previous year which put the Newton schools in a very favorable light, Dr. Charles E. Brown, superintendent of schools, said the answer, he hoped, was "Yes." He added that at this time plans had not been developed to the point where they could be discussed.

This has been orientation week, Dr. Brown said, for teachers including new ones from all parts of this country and two exchange teachers, one from England and one from Australia.

The 209 new teachers, he went on, will have breakfast at Newton South High School this (Thursday) morning, having worked all the previous day in their respective school buildings with their principals. After the breakfast get-together, they will attend a meeting at which the speakers will be the superin-

tendent, and Assistant Superintendents Dr. J. Bernard Everett, Edward Landy and Dr. James P. Laurets.

On Friday morning at 8:30 o'clock, all the more than 1000 Newton school teachers will get together for coffee and a general meeting at Newton High School with Dr. Brown. During orientation week, there will be time set for the new teachers to be X-rayed, as is customary each year.

Dr. Laurets, who is the man responsible for teaching personnel, expressed great satisfaction with the acquisition of this year's two exchange teachers.

One of them, Miss Patricia Melia, makes her home in Slitheroe, Lancashire, England, and has been teaching in a girls' high school in Lincoln, Lan-

220 New Girls Begin Classes At Sacred Heart

Freshman orientation began yesterday (Wednesday) for the Class of 1968 at Newton College of the Sacred Heart, with members of the administration, faculty and student orientation committee beginning five days of intensive activity in guiding 220 new girls on campus.

The orientation period, beginning with a freshman check-in at the administration building and five dormitories, will end Sunday afternoon, Sept. 13, with the customary Mass for the opening of the academic year in the Chapel of the Most Blessed Trinity on the campus.

Meantime, there is certain to be a dizzy whirl of aptitude proficiency and placement tests, speeches, counseling conferences, lectures and group discussions.

Highlighting the five-day schedule will be the address of welcome by Mother Gabrielle Husson, R.S.C.J., president of Newton College, on Thursday morning at 9 in Stuart House, a musical revue to be staged by the Junior Class Thursday evening at 8 in The Quonset.

CLASSES—(See Page 3)

Theologian's Son Is B.U. Graduate

The son of a prominent Newton theologian was among those receiving degrees at the recent 41st annual Summer Commencement exercises of Boston University.

Daniel L. DeWolf received his bachelor of science degree at the ceremonies held at Symphony Hall. He

is the son of Dr. L. Harold DeWolf of Newton.

Dr. DeWolf is a professor of system theology on the faculty of Boston University's School of Theology.

The young graduate's grandfather, Daniel L. Marsh, is a chancellor and trustee of the university.

\$25,000 Gift To University By Local Man

A prominent Newton real estate man has underwritten a chemistry laboratory in the science quadrangle now being constructed on the Brandeis University campus.

The \$25,000 gift from Frank Breznjak of 25 West Boulevard Rd., made in behalf of him and his wife, Sonia, will be used for a magnetron-chemistry laboratory.

The laboratory will be located in the magnetic and spectroscopic section where the study of the structure and motion of paramagnetic species in solutions, gases and crystals will be conducted.

GIFT—(See Page 2)

Not One Labor Day Crash Here

Not a single traffic accident was reported in Newton during the Labor Day weekend.

Newton police thus have reason to believe that the city's drivers, and those passed through during that dire period, must have exercised commendable caution in the interest of safety.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Peabody Predicted Winner By 50,000 Over Bellotti

The hour of decision is at hand for the voters. The moment of truth is near for the candidates.

In the privacy of their polling places, the voters will render the verdicts which will settle the battles for Republican and Democratic nominations which in many instances are tantamount to election.

Biggest prize at stake as the primary returns are tabulated will be the right to run as the Democratic nominee for Governor in the November election.

Governor Endicott Peabody is a solid favorite to beat back a strong challenge by Lieutenant Governor Francis X. Bellotti and achieve renomination for a second term.

Middlesex County District Attorney John J. Droney should be third in the Democratic gubernatorial race and ex-Representative Pasquale Caggiano of Lynn a poor fourth.

If the surveys are accurate and the experts are right, the primary will set the stage for a return match

18,000 Voters Expected To Cast Ballots In City Today

An estimated 18,000 Newton voters will go to the polls today to play their part in settling lively primary fights for Democratic and Republican nominations for offices ranging from State Representative to the Governorship.

Polling places in the city will be open from 7 o'clock this morning until 8 p.m. tonight.

Because of the interest aroused by the battle between Governor Endicott Peabody, Lieutenant Governor Francis X. Bellotti and Middlesex County District Attorney John J. Droney, more Democrats than Republicans are expected to turn out in Newton for today's primary.

Peabody is favored to beat Bellotti in Newton, with Droney running third. A fourth candidate in the field,

ex-Representative Pasquale Caggiano of Lynn, is not likely to draw more than a handful of votes in the Garden City.

Two hot contests have been waged for Democratic and Republican nominations for the

House of Representatives in the newly created legislative district which takes in Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

A three-way Democratic battle for two nominations has been fought in that 4th Middle-

sex district between Rep. Joseph G. Bradley of 33 Maple Ave., Attorney Paul F. Malloy of 719 Watertown St., and Democratic State Committeewoman Betty Taimor of 44 Fairfax St., all of Newton.

Contenders in a fight for

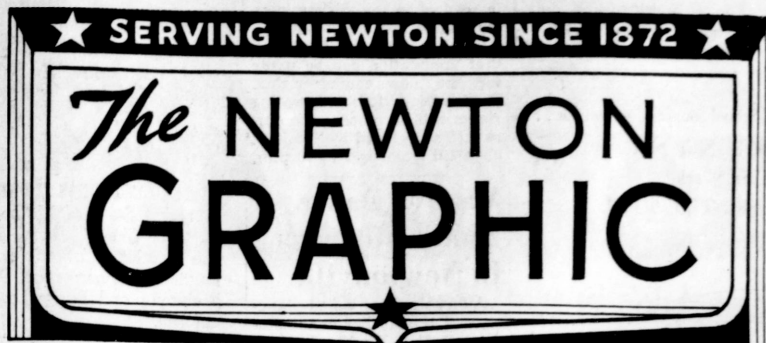

the two Republican House nominations in the same district are Rep. John W. Whittemore of 43 Otis St. and former Alderman Robert Tennant of 183 Mount Vernon St., both of Newton, and Rep. Henry A. Turner of Waltham.

Because the bulk of the vote in that district is in the three Newton wards, Whittemore and Tennant are favored to gain the two nominations, with Whittemore coming in first and Tennant second.

Rep. Turner has been serving in the Legislature from a district comprising Wards 1, 2, 4 and 6 of Waltham.

However, Turner's district was broken up when the House seats were reapportioned and Ward 6 of Waltham, where he lives, was linked with Wards 1, 2 and 3 of Newton to form a new district.

Newton League To Urge Women To Be Voters

The Newton League of Women Voters Service Committee will conduct a community-wide campaign to increase the registration of women in this city during the week of Sept. 13 to 19, which President Johnson has designated as Women Voters Week.

Women Voters Week, which was originally proposed by the national League of Women Voters and has been endorsed by both political parties, has become particularly significant in view of a recent government report which stated:

"Voter participation among women is approximately 10 per cent lower than men. Since women are a larger element in our population than men, their lower participation tends to reduce the national average."

Under the co-chairmanship of Mr. and Mrs. William Carmen, the 1964 United Fund campaign in Newton is moving ahead rapidly as city-wide plans are being formulated or carried to fruition.

The co-chairmen last evening named the area and village chairmen for the drive locally.

Appointment of these area leaders will augment the kick-off supper and meeting to be held by the United Fund organization at Newton North High School on Wednesday, October 14.

More than 400 persons are expected to attend the supper-meeting, first of its kind to be held in Newton.

Its purpose, according to Mr. Carmen, will be to acquaint campaign workers with the goals and accomplishments of the United Fund in Newton and Greater Boston.

Chairman Carmen named Benjamin Brownstein, Herbert Cohen and Daniel Rakov as area chairmen. Each is responsible for the

Students To Give "One-Way" A Test

Students who drive to Newton South High School will be testing a new One-Way plan next week when classes resume.

On a trial basis, the Newton Traffic Commission has made Great Meadow road one-way from Hagen road toward Brandeis Road.

It has made a part of Hagen Road one-way from its intersection with Olde Field Road back toward its intersection with Great Meadow Road.

This one-way pattern may or may not be put on a 60-day trial basis by the Traffic Commission, depending on reactions from drivers and residents in the area affected, it was learned by the Oak Hill District Improvement Association, Inc.

New Residents May Vote For U. S. President

Chairman Arthur G. Heaney of the Newton Election Commission reported yesterday that a number of new residents of the city had applied for voting rights under the new law eliminating the one-year residence requirement in a presidential and vice presidential election.

The 1963 federal law makes persons who have been residents of this state for 23 days prior to election eligible to vote for president and vice president. The local officials have arranged that such voting shall be done at City Hall, instead of in the various polling places.

October 2 is the final day that application can be made for the new voting rights. Registration for full voting rights will be reopened tomorrow (Friday) and will be kept open till October 2 at 10 p.m.

25th Anniversary Observed By Mandell's Of Newtonville

One of the city's leading men's stores, Mandell's Inc., of Newtonville, is celebrating its 25th anniversary.

Now entering its second quarter of a century, the store is operated by the second generation of the Mandell family.

It was in 1939 that Harry Mandell opened a small store in Newtonville, and in 1945 he took his first major step toward expansion by doubling its size and opening a second store at Newton Centre. Growth of its formal wear department necessitated an addition to the Newtonville store and installation of a tailor shop.

On Harry Mandell's death in 1952, active management was taken over by his wife (Lillian Mandell, who still has a hand in running the firm. Her son Edward came into the firm in 1956 while still a student at Newton High School. Later, on his being graduated from Boston University School of Business Administration, Ed assumed operation of the Newtonville store with assistance from his mother and two long-time employees, Doug Hynes and Saul Smokler. The former is in charge of formal wear, and the latter helps in the buying.

The family made an important decision to concentrate on the Newtonville establishment in 1960, and gave up the Newton Centre location.

Over the past 25 years Mandell's has kept abreast of the numerous changes in men's wear merchandising policies. As a result, they have retained the customers who made their 25 years of success possible, and they cater to high school and college students who are an important constituent of today's market.

Many of the Mandell customers began patronizing the store while still in school and they are still loyal to it, appreciating the policy whereby all nationally-advertised brands are carried.

Mandell's current 25th anniversary sale is intended as a means of indicating appreciation of the customers' patronage. Included in the sale of offerings are many branded items that have just arrived for the fall season.

Voters -

(Continued from page 1)

Turner is fighting under a heavy handicap in the primary. That district will be a real battleground in the November election.

Except for a contest between veteran Congressman Joseph Martin, Jr., and ex-Rep. William F. Nourse of Medfield, there is little to draw out the Republican voters in Wards 4, 5, 6, 7 and 8 of Newton.

Martin, whose district includes the entire city of Newton, is expected to beat back Nourse's challenge and win decisively.

Rep. Lorenz F. Muther, Jr., of 44 Roslyn Rd. and Alderman Theodore D. Mann of 21 Littlefield Rd., both of Newton, are unopposed for the two Republican House nominations in the fifth Middlesex legislative district.

Similarly unopposed for the two Democratic nominations in that district are Rep. Irving Fishman of 1457 Beacon St. and Henry G. Barry of 65 Oxford Rd., both of Newton.

A four-man race will be waged in the autumn election between Muther, Mann, Fishman and Barry.

State Senator Leslie B. Cutler of Needham is unopposed for Republican renomination in the Norfolk and Middlesex senatorial district which includes Wards 2, 3, 4, 5 and 8 of Newton.

Morris Kritzman of 125 Oakdale Rd., Newton, is the lone candidate for the Democratic nomination for the State Senate in that district and will oppose Senator Cutler in the November election.

Democratic Senator Beryl W. Cohen of Brookline is unopposed for renomination in the Norfolk and Suffolk senatorial district which includes Wards 1, 6 and 7 of Newton.

Thomas J. Barry of Brighton is the only Republican candidate in that district and will stand against Senator Cohen in the fall election.

Governor's Councillor Margaret M. Heckler of Wellesley is unopposed for Republican renomination in her second councillor district which takes in all of Newton.

Battling for the Democratic nomination in that district and the right to challenge Mrs. Heckler in November are Paul J. Donahue of Brighton and John M. Tosca of Brockton.

Aside from the Peabody-Bellotti - Droney - Caggiano struggle for the Democratic nomination for Governor, the only state-wide primary contest to be decided by the voter today is a four-way scramble for the Democratic nomination for State Treasurer.

Candidates in that fight are State Treasurer Robert Q. Crane of Allston, Boston School Committeewoman Louise Day Hicks, former State Treasurer John F. Kennedy of Canton and Lawrence Mayor and Governor's Councillor John J. Buckley.

Two Newton residents will be listed near the top of the Republican primary ballot.

They are ex-Mayor Howard Whitmore, Jr., and Attorney General Edward W. Brooke. They are expected to poll a big complimentary vote in their home city.

Whitmore accepted the unenviable assignment of carrying the Republican banner against Senator Edward M. Kennedy. His name will be

YMCA Meeting Will Hear Report On Summer Camps

Reports of the 1964 season at the three Newton YMCA summer camps will be given at the opening fall meeting of the Board of Directors of the Newton YMCA to be held Wednesday, September 16 at 7:30 p.m.

Presiding over the meeting will be Wilbur W. Bullen, president of the Newton YMCA

and a member of the National Council of the Y. The meeting will be held in the Board Room in the Newton YMCA building, 276 Church street, Newton.

The three camp committee chairmen will introduce the directors of the individual camps for their statements. Fred A. Hawkins, chairman of the Camp Frank A. Day committee will present Frank M. Simmons who this year led Camp Day in its 49th season and his 20th as its director. Camp Day, resident camp of the Newton YMCA, was founded in 1916. It is located on the shores of Lake Quacumquasset in East

Brookfield. The Camp has accommodations for 184 boys in three units. Camp closed with its traditional farewell dinner on August 18 and departure of the boy campers on August 19.

Thomas W. O'Connor, Camp Massasoit chairman, will introduce Robert G. Rowe, director of that camp, a Newton Y based summer day camp. The camp was founded in 1944 and has a normal enrollment of 100 to 125. Activities were carried on this summer during the period of construction of the nearby Massachusetts Turnpike extension.

Raymond F. Fields, chairman of the Camp Chickami committee will present Robert S. Campbell, camp director for the statement in regard to summer activities of that camp. Camp Chickami, founded in 1946 was first based in Riverside. In 1955 a camp site

was secured in Wayland and the camp has been operating there since. A development program was begun two years ago and a large assembly hall, an outside swimming pool and tennis courts have been added.

Attendance during the summer averaged 140-150 boys. An after camping hours program is conducted during the spring, summer and early fall.

Rodger D. Henneke is associate director for Camp Massasoit and Donald R. Nelson is associate director for Camp Chickami. Unit heads for Camp Day are Edward Poskitt, senior; Richard McKnight, junior; and Forbes Keith, midjet. Warren Bechtold is director of the water front.

The October meeting of the Newton YMCA Board of Directors will be held Wednesday, October 21 following the annual fall committeemen's Dinner, according to Mr. Bullen.

The new Freshmen have already been given their first homework assignment: a comprehensive reading of "The Fox in the Attic" by Richard Hughes. Group discussions of the critically acclaimed novel will be led by members of the faculty on Sunday afternoon.

This year's orientation program was planned by a committee of Juniors, headed by Miss Martha Roughan of Lowell, and assisted by members of the faculty and administration.

This will be the 19th academic year at Newton College of the Sacred Heart.

Pralsed For Teen - Age Service

As we have been so happy to mention many times in the past, and trust that the privilege will be granted us often in the future, it is a pleasure to publish news of the good deeds performed by young people today.

Our current special mention concerns a story published last week in The Graphic in which was chronicled the record breaking volunteer service performed by Newton teen-age girls at Beth Israel Hospital.

The local young ladies were among 32 high school and college students who contributed more than 2900 hours to the hospital as summer volunteers this year.

One Newton girl, Susan White, was cited for a record 300 hours of volunteer work; another Newton lass, Barbara Rubin, was commended for a record of 250 hours of service.

Dr. Sidney Lee, general director of the hospital, also a Newtonite, praised the volunteers for "youthful concern and friendliness, which always means so much to hospital patients."

It would seem that Dr. Lee had struck the keynote for decent youthful behavior everywhere with the words, "youthful concern and friendliness." The practice of this simple formula would deliver a decisive blow against youthful delinquency.

Surely, a teen-aged boy or girl who can feel "youthful concern and friendliness" towards parents, school, law enforcement, and other teen-agers, would be well on the road to living a full and happy life.

Youtful concern and friendliness were exhibited by a group of several teen-age boys on a recent Sunday. They brought their car to a stop on break-down lane going south on Route 128, crossed the highway and median strip on foot in heavy traffic to lend assistance to a beach-wagon in trouble and its passengers, a quartet of black-robed nuns, on the north-bound lane.

Crossing the heavily trafficked, high speed highway on foot, is a foolhardy enterprise at best, even for numble youngsters. But, at least, they did exhibit friendliness and concern for people in trouble. Motorists breezing along on the north-bound lane failed to display any tendencies of good samaritanism.

So, here we have two far-removed incidents of young people carrying out a program of friendliness and concern for others.

There are so many directions to which today's youth can apply their God-given imagination, strength and energy for constructive and humane purposes, rather than the awful waste of these gifts in brutal vandalism and senseless hoodlumism. That is the pity of it all.

The solution is simple and easily applied and is within the reach of every teen ager of normal mentality. It is Dr. Lee's prescription, "youthful concern and friendliness." It is the concept of being human rather than animal.

Political Highlights

between Governor Peabody and ex-Governor John A. Volpe.

For a time last week Bellotti appeared to be closing the gap between himself and Peabody and to be overtaking the Governor. Developments were militating in Bellotti's favor and against Peabody.

If that trend had continued, Peabody and Bellotti would be coming down to the wire neck and neck, the outcome of their race in doubt, the possibility of an upset very real.

Then Senator Edward M. Kennedy from his hospital bed issued a ringing endorsement of Peabody.

Newspaper advertisements which carried Kennedy's statement in behalf of Peabody were signed by Congressman Thomas P. O'Neill, Jr., of Cambridge and Edward P. Boland of Springfield, two of the most popular and influential Democratic leaders in the Commonwealth.

O'Neill was Peabody's campaign manager two years ago but had maintained a hands-off attitude toward the Peabody-Bellotti clash until Ted Kennedy spoke out loud and clear. Boland is one of the top figures in the Kennedy organization.

Some highly respected political analysts believe that Bellotti reached the peak of his campaign the middle of last week and that Ted Kennedy's sudden intervention marked the turning point in the contest.

Ted Kennedy, in their opinion, halted any drift to Bellotti.

It's an old axiom in politics that a public figure cannot transfer his own popularity to another candidate.

Not every person who would vote for Ted Kennedy will heed his words and mark their ballots for Peabody. Yet, there's no question that Ted's strong endorsement of Peabody just a week before the primary produced support for the present Governor and came as a stunning blow to the Bellotti camp.

Ted Kennedy, in their opinion, halted any drift to of Peabody late last spring and, following his unfortunate injury in the tragic plane crash while on the way to the Democratic State Convention, remained silent about the Peabody-Bellotti struggle—until last week.

Bellotti himself may have been partly responsible for causing Ted to speak out.

Some of Bellotti's television programs contain an old clip of Ted Kennedy praising Bellotti. They created a definite impression in the minds of many viewers that Ted was supporting Bellotti. The young Senator cleared up any confusion on that point a week ago.

Senator Kennedy has by far the most powerful organization of any politician in Massachusetts. Until the end of last week members of that organization were giving Peabody some help, but not an impressive amount.

Some of Ted Kennedy's up heavily travelled route 3 lieutenants were aiding Peabody because they knew Ted had backed him last spring, but they weren't expending the same effort or energy as they would for Ted himself.

A smaller number aligned themselves with Bellotti. A substantial number were taking no part in the gubernatorial struggle. Word was sent out to this group last weekend asking them to get behind Peabody.

All this has given a big lift to Peabody's drive in the final, crucial week of his primary campaign.

Peabody has a lot going for him as he awaits the primary returns.

Democratic State Committee Chairman Gerard Doherty is openly backing him although traditionally State Chairmen remain neutral in primary fights within their own party.

The prestige of men like Congressman O'Neill and Congressman Boland is now on the line in their own districts.

Political tradition also is on Peabody's side. In the last 30 years only one Lieutenant Governor has succeeded in achieving promotion to the Governorship in Massachusetts. That was Republican Robert F. Bradford who was swept into office by a GOP tide back in 1946.

The Lieutenant Governorship has been a political dead-end for Democrats who have held the office during the past generation.

Peabody's probable plurality over Bellotti is now some what difficult to forecast. A guesstimate would place it in the vicinity of 50,000 votes, possibly a little higher.

Surveys made a few weeks ago indicated a 50,000-vote winning margin for Peabody. But it appeared since then that Peabody suffered some losses and that Bellotti made some gains.

The blunder of a week ago Sunday when motorists coming

such as this one — until the votes are counted.

It isn't likely that Bellotti can score the stunning upset he himself is predicting. Neither, however, is it impossible.

Bellotti has been able to put on a surprisingly strong campaign. After Bellotti's defeat by Peabody at the Democratic State Convention in West Springfield last June, it was anticipated that Bellotti would encounter great difficulty in raising enough money to finance an adequate campaign against Peabody.

Whatever problems Bellotti met he apparently overcame. Persons close to him say he raised more than \$200,000. Some of it presumably was what the politicians call "cover money" received from persons who insure they will be with a winner by making contributions to both candidates.

However, the odds in this fight seem too great for Bellotti to surmount. Peabody is a sitting Governor. He has an impressive record of accomplishment in the Legislature. The fact that he is in office automatically assures him of support and financial help. He himself is a good campaigner, especially in meeting the voters personally. In addition, he is getting powerful help as a result of Ted Kennedy.

A defeat for Bellotti in this primary would send him out of public office at the end of the year but would not necessarily mean the finish of his political career. He's probably too attractive a candidate for that.

Crane Is Favorite In Treasurer Race

State Treasurer Robert Q. Crane is still the favorite in the four-way contest for the Democratic nomination for Treasurer.

But he appears to be getting stern competition from Boston School Committee woman Louise Day Hicks. Rumblings also indicate that former Treasurer John F. Kennedy of Canton may be stronger than some of the experts realize.

The fourth candidate in the field, Lawrence Mayor and Governor's Councillor John J. Buckley, does not loom as a serious threat to Crane.

Mrs. Hicks has put on an especially big drive in Boston. Some observers believe she may top Crane in the Hub, Democratic stronghold of the Commonwealth. She also is drawing considerable support from the women voters.

Crane, however, has the more balanced strength across the State, and it is this which causes most of the political analysts to pick him as the likely winner. But this is a confusing contest. It could be a close one. No one can be really certain what its outcome will be.

Third Elderly Housing Gets A Green Light

The federal Public Housing Authority has authorized the Newton authority to complete its final plans for the city's third housing complex for elderly residents of moderate means.

According to William Carman, local authority chairman, the "go-ahead" resulted from a recent conference in New York attended by engineers and architects of the William Nelson Jacobs Association, architects. The Newton authority was represented by its executive director, Edward Byrne.

The project will be put out to bids on Oct. 19. Bids of sub-contractors will be opened Nov. 12, and those of general contractors on Nov. 19.

The development will occupy a tract at the site of the old Horace Mann School in Newtonville, and its 10 buildings will provide 72 one-bedroom apartments and a recreation room that can accommodate residents of all the city's housing developments for the elderly.

Duel - Ring Ceremony Unites Miss Ribock - Dr. Goldman

Mixed flowers and condalabra decorated the altar of Temple Mishkan for the recent marriage of Miss Judith Margery Ribock to Dr. Maury Aaran Goldman.

The bride is the daughter of Mr. and Mrs. Nathan H. Ribock of 5 Helene road, Waban. Mr. and Mrs. Jacob Goldman of Dorchester are the bridegroom's parents.

Rabbi Philip Kieval, assisted by Cantor Gregor Shelkin, officiated at the 8:30 o'clock evening service, which was followed by a reception.

Given away by her father, the bride wore a gown made of silk crepe georgette. The fitted bodice was enhanced with a bell-skirt, marked with blue peau de soie flowers and medallions of re-embroidered Alencon lace, entraine.

Matching lace formed the becoming headpiece caught with an illusion veil. She carried a crescent of white roses and orchids.

Miss Barbara Ruth Ribock of Waban was maid of honor, while Mrs. David A. Shnidman of Allston was matron of honor. Miss Deborah Weiner and Miss Phyllis Weiner, both of North Bellmore, N. Y., joined Miss Barbara Steinhurst of Milton as bridesmaids.

Benjamin Weiner of North Bellmore, N. Y., served as best man. The ushers were

Yom Kippur, Jewish Day Of Atonement Next Wed.

Yom Kippur, the Day of Atonement, which is the most sacred and solemn day of the year for Jews all over the world, will be observed beginning at sundown, Sept. 15.

Yom Kippur is characterized by fasting and profound self-examination. Jews are expected to spend the entire day at the synagogue in prayer and in solemn reappraisal of their personal behavior and their service to the community. Observances continue from sundown to sundown. The opening liturgy, the Kol Nidre, which is a prayer for forgiveness, is one of the most meaningful and earnest rituals in the Jewish religion. The haunting melody of the Kol Nidre sets the mood of contrition which threads through the entire period.

The seriousness of Yom Kippur is emphasized by the abstinence from eating and drinking; it is a day upon which physical and material concerns are put aside and the individual evaluates his life and his conduct towards his fellow man.

The end of Yom Kippur is marked traditionally by the blowing of the ram's horn, the shofar. The blowing of the shofar symbolizes the end of the ten "Days of Awe," which begin with the New Year.

Yom Kippur is of profound significance to Jews, for it is a day set aside for the individual to search himself deeply and to question closely his behavior. He is in the company of other human beings in the synagogue, but is alone before God and his own conscience. This Holy Day re-

flects Judaism's strong emphasis that man is a responsible creature, capable of change and refinement. Man may stumble but he is not irredeemably lost. By choosing to do better, he can do better and thereby refine his own life and the life of his world. It is traditional upon this day for Jews to ask forgiveness of those whom they may have wronged, to question deeply, through prayers and meditation, their entire way of life.

MRS. MAXWELL COHEN

Mrs. Cohen Is Head Of Boston Hadassah Event

Mrs. Maxwell A. Cohen of Newton will be general chairman of the Boston Hadassah Donor Luncheon, it was announced recently by Mrs. Abraham Woolf, president of the 8500-member Chapter. The 38th annual luncheon will be held on Nov. 30 and Dec. 1 at the Hotel Statler Hilton.

The Donor funds are earmarked for the Boston Chapter's annual contribution to the maintenance budget of the Hadassah-Hebrew University Medical Center in Jerusalem, Israel.

As head of Hadassah's 2-day luncheon, Mrs. Cohen is responsible for one of the largest quotas pledged by an individual women's organization in this area. More than 150 chairmen and committee members and 300 hostesses will be under her supervision in the thirteen groups of the Boston Chapter.

Mrs. Cohen is a former life membership chairman and Youth Aliyah co-chairman for Newton Hadassah. She has been president of Brandeis University Boston Women's Committee, the Brookline Authority of the Jewish Memorial Hospital and the Jewish Vocational Aid Society, and is now an Honorary Director of these groups among others.

She has also served the community in the United Fund, the Red Cross, Temple Emanuel Sisterhood, and as chairman of special gifts for the Women's Division of the Combined Jewish Philanthropies.

Mrs. Cohen visited Israel in 1959 and has followed the progress Medical Organization closely. "One of the facets of Hadassah's work that interests me," she said, "is the fact that the United Nations World Health Organization calls on our physicians, scientists, and experts to help with public health, hospital, and medical schools problems in many corners of the world. A special Institute in the Medical School trains medical students from Afro-Asian countries who will return to their native lands to practice and to teach. The third class is now enrolled for the 6-year course."

Newton women in charge of donor luncheon committees assisting Mrs. Cohen are Mrs. Max Vengrow, Mrs. Arthur Norris, Mrs. Allan Tepper, Mrs. Harry Rower, and Mrs. Herbert Leyton.

To spur voter interest, the League is using the slogan "Your Vote Makes A Difference." This is apparent when we realize that in 1960 John F. Kennedy's national plurality was less than one vote per precinct.

Mrs. George Gerard, chairman of the League's Voter Service Committee, has also announced that the League will publish, prior to the election, a report on the local and state candidates including biographical sketches and answers to certain prepared questions.

In addition, a Candidates' Night will be held on Oct. 30, at which time Newton residents may meet their local and state candidates and discuss their positions with them.

The Voters Service Committee reminds unregistered voters that they must register between now and October 2 in order to be eligible to vote in November. This can be done in person at City Hall.

Children's Theatre Group Of 'Y' Prepares For Year

The seventh production season for the two companies of the Newton Y.M.C.A.'s Children's Music Theatre opened registrations this week, it was announced by the Theatre's director, Mrs. Hilda Moses of Newton Centre.

The Primary Company for 5½ to 8 year old boys and girls will meet on Thursdays at 2:45 p.m., starting October 8, while the Intermediate Company for boys and girls 9 through 12 years of age will meet on Saturdays at 10:00 a.m., starting September 19.

Mrs. Fred Wolff of Brookline will continue to head the music department and Mr. John Duane will again direct the choreography for each company.

Thanks to past companies and youth groups at the Newton Y.M.C.A., the versatility of the stage equipment has been expanded so that the productions will have greater professional affects.

As each youngster learns to use his talents, he also learns by use-experience such things as elocution, diction and singing. In the older group the young people have the added opportunity of trying their

hand at creative writing in adaptations for the group as well as working on production problems.

Children's stories based on fact and fiction come to life and are produced for the public at the end of the twelve weeks. Interested boys and girls or their parents may call the Newton Y.M.C.A. at BI 4-6050 and may have a Children's Music Theatre brochure mailed.

Jacques Mens Shop Has 1st Big Birthday

Even as a newborn child experiences its most difficult period in its first year, so does a new business venture face its greatest test in the first year.

Jacques, quality men's store at 345 Washington St., Newton Corner, has successfully whipped through its first year like a pro, and is marking its first anniversary with a month-long celebration.

Plagued throughout the year by the construction work on the Turnpike Extension, the new Jacques nevertheless has dug deep roots for the future in the regenerated Newton Corner area. It has built solidly on a foundation braced by "famous brands, smart taste, and professional know-how in selling and in fitting."

The first-anniversary celebration will comprise three major areas of savings for Jacques customers. It's party time at Jacques... and customers will be receiving the favors from Stan Marquanda, manager, and from the store's two major principals, Jack Wallace and Edward J. Bernard.

TOWERS MOTOR INN, new eight-story skyscraper at junction of Routes 1, 1A and 128 in Dedham which boasts elegant new Kashmir Room cocktail lounge and lavish Moroccan decor in its 96 regular and eight penthouse suites.

Towers Motor Inn Is Open Today, Boasts Lavish Decor

Dedham's first skyscraper, the eight-story Towers Motor Inn, opened today. And if you think you have walked into a palace in Morocco—the semblance is quite intentional.

This is the first time classic Moroccan has been used so extensively and accurately in a large commercial installation.

For those who like statistics, the new hostelry has 104 rooms, 96 regular and eight penthouse suites. These, from a point of view, almost parallel Boston's new Prudential building.

The penthouse suites are lavish, with four large private terraces connected by massive sliding doors and glass wall.

For the present, the Towers Motor Inn offers the Kashmir Room, cocktail lounge with continuous entertainment and a coffee room, as well as the lodging accommodations. The cocktail lounge seats 120 persons.

cashire. She will teach high school English and history here, and in exchange for her services, Manson Hall of Newton High School will teach the same subjects in England.

The other exchange teacher comes from Melbourne, Australia, where he taught physical science in high school, but who, prior to coming here, was living on the Isle of Wight. He has had 20 years of teaching experience including a period in Portsmouth, Hants., England, in the high school there. He is Gordon Jones, a man starting his forties. He comes not in exchange for another teacher, but as a gesture in good international relations.

A third acquisition, Charles Fussell of Winston-Salem, N. C., is also looked on with considerable favor, both by Dr. Brown and Dr. Laurets. He is to be the Newton schools' composer in residence. As such, he will write music for the various school musical groups, and will act as their guest conductor on occasion.

He will not teach, but will assist the groups in their rehearsals. Mr. Fussell is one of 10 similar men placed throughout the country by the Ford Foundation.

Every car costs money to run. But these expenses aren't a burden to the salesman or businessman who depends on a good, reliable car to earn a living. He rightly views his car as a major asset. A car owner will view his vehicle in the same light if it opens up better job opportunities. Many people find that a car is more economical than other forms of transportation, so driving saves them money. In these and many other situations, a car is an expense that leads to far better things, an asset from which many individuals and families derive important benefits. If a better car than the one you now own can be helpful to you, Newton Savings Bank will gladly discuss your loan needs. DRIVE SAFELY

AND WITH COURTESY

WATCH AND PROTECT OUR CHILDREN

'Can't happen to you?' Don't you believe it! The next highway statistic may involve you. It is estimated that this year over 49,000 persons will be killed or maimed from motor accidents in the United States. You and I and other citizens will pay billions of dollars in toll for this sacrifice. Do your part in preventing this slaughter. Remember these basic rules for highway safety:

- Stop when School Bus stops
- The license to drive is a privilege, not a right. Honor it.
- Set a good example to your children and other young people
- Install and use approved safety equipment at all times
- Start your trip in plenty of time to avoid the big rush!
- Signal to other drivers, give them ample time to act
- Remember, hand-signals give you a double margin of safety!
- Carry emergency warning flares and lighting equipment
- Heed the tips of organizations such as National Safety Council, American Automobile Assoc. and Insurance Companies
- Plan to enjoy driving for a long time. Drive Safely!

- Obey traffic and road signs. They are for your protection!
- Keep your car in good mechanical shape. Maintenance pays!
- Never drive when below-par, over-tired, not alert
- Watch children on bicycles
- Anticipate, be on guard for other drivers' wrong moves
- Keep both hands on the wheel, eyes faithfully on the road
- Keep within the posted speed-limit. Remember, speed kills!
- Observe the "Golden Rule." Treat the other guy like yourself!
- Be especially watchful for youngsters darting into traffic
- Never think you are "special." Taking chances is kid-stuff!

BE ESPECIALLY CAREFUL!

Apples — Early McIntosh are abundant and reasonably priced.
Beets — Supply adequate for demand; prices reasonable.
Cabbage, Green — Supply heavy, quality excellent; prices reasonable to low.
Carrots — Cello packs are very reasonably priced and the carrots are of uniform, excellent quality.
Celery — Native Pascal, the only field-blanching variety, is in good supply and prices are low; field-blanching restores mildness, and "all-white appearance" and contributes to edibility of the complete celery, leaves and all.
Corn — Volume remains heavy and priced reasonable on most varieties. This continues to be one of the sweetest corn seasons on records.
Escarole — Volume remains up and priced very reasonable. A "must" for tossed salads.
Lettuce — Both Boston and at peak supply and prices remain low.
Peppers — All varieties of green peppers are abundant and priced reasonably to low.

Betty Taymor Vote Recount Starts Friday

Democratic State Committeewoman Betty Taymor, who apparently lost by 112 votes in her bid for Democratic nomination for the House of Representatives, has petitioned for a recount of the votes cast in her contest. The tabulation of the returns will be made tomorrow (Friday).

Attorney Paul H. Malloy was the high man in the three-candidate fight in the 4th Middlesex district with 3367 votes. Representative Joseph G. Bradley was second with 2746 and Mrs. Taymor third with 2634.

The district includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

Mr. Goldberg's responsibilities will include areas of adult education, educational television, film production, special brochures and publications and related public relations activity.

Taymor Upset Sets Primary Highlight

Attorney Paul H. Malloy and Representative Joseph G. Bradley won the two Democratic nominations for the House of Representatives in the new 4th Middlesex district after a contest which produced Newton's biggest surprise of last week's primary. Democratic State Committeewoman Betty Taymor placed third in the race and was nosed out of one of the Democratic endorsements.

Representative John W. Whitmore and former Alderman Robert Tennant won the two Republican House nominations in the same district, with Whitmore running first, Tennant second and Representative Henry A. Turner of Waltham going down to defeat.

Volpe Revising Strategy; Bellotti Must Mend Fences

Now it will be John A. Volpe versus Francis X. Bellotti in the battle for the right to serve as the next Governor of Massachusetts.

The only thing certain about the outcome of their fight is that the winner will be a person of Italian descent.

Both Volpe and Bellotti have major problems as they prepare for their crucial contest which will be decided when the voters go to the polls on Nov. 3.

Volpe is now busily revising his campaign strategy. Like most other prominent politicians, Volpe expected his November adversary would be Governor Endicott Peabody, not Bellotti. He mapped his plans accordingly. Now he must overhaul those plans.

Ironically, Volpe, with his pre-primary attacks upon Peabody, used to set the stage for Peabody's defeat and Bellotti's surprise nomination. The returns

Mayor Blasts Aldermen For Delay On City Incinerator

Plans for the construction of a \$2 million municipal incinerator were stalled following a debate at Monday night's Aldermanic meeting as to what type of incinerator should be built.

The Mayor indicated that there is any further prolonged delay in starting work on the new land dump in Newton if the incinerator.

"If some Aldermen think the incinerator is a problem, a site for an open dump," they should consider what a the angry Gibbs stated.

A recommendation by Mayor Donald L. Gibbs that \$960,000 be appropriated for the purchase of equipment for the interior of the incinerator was tabled by a 12-8 vote of the Board of Aldermen.

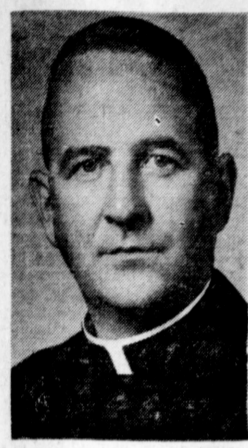

The matter will come up for action at the next meeting of the Aldermanic Board on the night of Oct. 5.

Mayor Gibbs, disturbed and frustrated by the latest delay in moving forward with plans for the incinerator, last night lashed out at certain Aldermen without naming them.

"We've got a few obstructionists who are delaying a vitally needed improvement for our city," the Mayor declared.

Mayor Gibbs went on to assert that the Aldermen "have been procrastinating over this for two years."

"It's about time they made up their minds and faced up to the problem," he said.

Dr. Sylvester Heads Event For 10th Year

Plans are already being made for Newton's nationally recognized Halloween observance, the city's tried and true substitute for widespread vandalism on the night when witches could otherwise inspire mischief making from their commanding position astride brooms.

The observance, sponsored by the city's Recreation Department, will have the usual cooperation of scores of civic groups and thousands of Newton citizens. This year's program chairman is Mrs. Dorothy H. Garon.

Nearing the quarter-century mark, this unique Halloween program will be serving an estimated 23,000 children in 1964, its 24th year.

Our Lady's Parish Will Sponsor Exhibit Sunday

The Confraternity of Christian Doctrine of Our Lady's Parish, Newton, will sponsor an exhibit of materials illustrating and describing all the phases of its program next Sunday afternoon, September 20, from 2 to 4 p.m., in the Parish Center.

The event is being planned as part of an Archdiocesan-

wide observance of Catechetical Sunday.

In a letter read in all churches of the Archdiocese last Sunday, Cardinal Cushing stated: "Last year, approximately a quarter of a million children and youth who attend public schools were enrolled in our CCD parish schools of religion."

"This year, it is expected that we shall exceed that number appreciably. We are now ready and anxious to put into operation the adult phases of the program in every parish, namely, religious discussion clubs, parent-ed-

ucator groups, and the apostolate of good-will. There is room in the CCD apostolate for every single adult—no matter how limited he may think his talents might be." The Confraternity of Christian Doctrine, a lay organization under the guidance of a priest-director, is the Catholic Church's official parish society devoted solely to the religious education of all children and youth not enrolled in Catholic schools, and of adults, both Catholic and non-Catholic.

The committee planning Our Lady's exhibit and the phases of the program which they will be available to explain are: Parish High School of Religion, Miss Caroline Walsh, Joseph McPherson, and John McCarthy; Home visitors, Cornelius Maher and Mrs. Margaret Hannigan; Apostolate of Good Will, Mrs. Beverly Byrnes and Vincent Solomita; CCD Helpers, Mrs. Eileen Claffin and Mrs. Helen Horan; Discussion Clubs, Miss Linda Grey and Miss Mary Malone, and Parent Educators, William MacLachlan, Rev. William F. Downes is the priest-director. The exhibit is open to the public, no admission charge.

In the November election Whittemore, Tennant, Malloy and Bradley will be the contenders in a knock-down struggle for the two House seats in the district which includes Wards 1, 2 and 3 of Newton and Ward 6 of Waltham.

Malloy provided a real upset in the Democratic House contest as he ran well ahead of Rep. Bradley and State Committeewoman Taymor.

Political observers had expected Bradley would be first and Mrs. Taymor second. Instead, Malloy topped the three-candidate field, polling 621 more votes than Bradley who, in turn, edged out Mrs. Taymor by 112 votes.

The totals for the entire district were 3367 for Malloy, 2746 for Bradley and 2634 for Mrs. Taymor.

In the three Newton wards the combined vote totals were 2874 for Malloy, 2471 for Bradley and 2402 for Mrs. Taymor. Ward 6 of Waltham gave Malloy 493, Bradley 275 and Mrs. Taymor 232.

In the Republican House contest in that district the complete returns gave Whittemore 1303 votes, Tennant 910 and Turner 568.

The totals for the three Newton wards were 1110 for Whittemore, 849 for Tennant and 292 for Turner.

The vote in Ward 6 of Waltham was 193 for Whittemore, 61 for Tennant and 276 for Turner.

Newton gave Governor Endicott Peabody a 1464-vote advantage over Lieutenant Governor Francis X. Bellotti. The city's totals in the Democratic gubernatorial fight were 5763 for Peabody, 4299 for Bellotti, 261 for District Attorney John J. Droney and 33 for ex-Representative Caggiano of Lynn.

Political experts had predicted a stronger showing by Peabody in Newton.

State Treasurer Robert Q. Crane swamped his three opponents in Newton, polling a bigger vote than the three of them combined. The Garden City returns in the Democratic State Treasurer contest were 5385 for Crane, 1813 for Boston School Committee-woman Louise Day Hicks, 1277 for Lawrence Mayor and Governor's Councillor John J. Buckley and 1150 for former State Treasurer John F. Kennedy.

On the Republican side Attorney General Edward W. Brooke, a Newton resident, received the highest complimentary vote of any of the members of the GOP State ticket, all unopposed for nomination. Brooke ran slightly ahead of former Mayor Howard Whitmore, Jr., also a favorite son Newton candidate.

The Newton totals for the members of the Republican State ticket were 3041 for Brooke, 2961 for Whittemore, 2933 for ex-Governor John A. Volpe, 2922 for former U.S. Attorney Elliott L. Richardson, the GOP nominee for Lieutenant Governor; 2804 for Elwynn J. Miller, candidate for State Auditor; 2798 for Representative Robert C. Hahn, nominee for State Treasurer; and 2784 for Representative Wallace B. Crawford, the candidate for Secretary of State.

A total of 3260 Republicans went to the polls in Newton, and most of them took the time to mark a cross beside the names of the members of their party's State ticket.

Of the Republicans who turned out in the city for the primary, only 119 failed to give Brooke a complimentary vote, a very good omen for the Attorney General.

A lively battle for two seats in the House of Representatives is shaping up in the 5th Middlesex district which covers Wards 5, 6, 7 and 8.

Republican candidates in that district are Representative Lorenz F. Muther, Jr., and Alderman Theodore D. Mann.

Democratic contenders are Representative Irving

Fisman and Henry G. Barry. All four were unopposed in last week's primary. Muther polled 1422 votes and Mann 1305 on the Republican side. Fisman received 3515 votes and Barry 2811.

Because of the Peabody-Bellotti fight, the Democratic turnout in the district was substantially bigger than the Republican.

A hard fight in the district is anticipated in the November election.

Opponents in the fall election for the State Senate seat in the Norfolk-Middlesex senatorial district will be Republican Senator Leslie B. Cutler of Needham and Democrat Morris Kritzman of Newton. Kritzman polled 4535 votes in the primary and Mrs. Cutler 1999. Both were unopposed for nomination.

Veteran Congressman Joseph W. Martin rolled up a big plurality in Newton over ex-Representative William Nourse, polling 2306 votes to 673 for Nourse as he won re-nomination.

Governor's Councillor Margaret M. Heckler received a good complimentary vote in Newton, getting 2875 votes.

In the November election she will be opposed by Paul J. Donahue of Brighton. Donahue topped John M. Tosca of Brockton on the Newton returns, drawing 6003 votes to 2494 for Tosca.

Less than one-third of the eligible Newton voters turned out for last week's primary. A total of 13,730 men and women, 10,470 Democrats and 3260 Republicans, cast ballots. The election cost the city in the vicinity of \$12,000, or slightly less than \$1 for each person who voted.

Protect The Small Fry

Schools are open again in Newton and the reluctant scholar with shining morning face has returned to books and classes.

The reopening of schools after the long summer vacation always is an event of significance in any community. Veteran school-goers take it in stride but the very small fry taking those first timorous steps along the long and winding road to education find it an adventure indeed.

Making the first break away from the shelter of home and mother to mix with a class of strange kids and with adult unknowns lurking all over the place tests the courage of the most stout-hearted little boy or girl.

These are the youngsters, together with their older and more seasoned colleagues, who must be protected from harm under the wheels of speeding motor vehicles.

It is the time of year when the motorist must be on the alert, especially in the vicinity of school buildings, at recess time and when classes are entering or leaving.

The matter of the motorist approaching school buses is a vital one and of paramount concern to officials of the Registry of Motor Vehicles, an agency which will demand strict adherence to this law.

Safety officials are unanimous in stressing the necessity for extreme caution on the part of all operators of motor vehicles now that the youngsters are on the march back to school.

Sharing the burden for child safety will be the parents who must enforce a respect for proper conduct on the public streets in their offspring of school age.

Youngsters who may ride to school on bicycles also should be cautioned about their own safety and the responsible handling of their vehicles.

The use of plain common sense, caution and proper consideration, is the recipe for the safety of small children on their way to and from school classes.

These are precious young lives and must be protected and nourished to a fine adult fruition. Tragic accidents and fatalities involving the small people are needless — in fact, could almost be criminal. Schools are open again; give the kids a chance to grow up.

Echoes Of Distant Thunder

Rumbles from the teen-age riot at Hampton Beach on Labor Day eve are still heard, like distant thunder over the New England area.

These irresponsible episodes are reprehensible and unforgivable. Hampton Beach is not a honky-tonk amusement place. It has no liquor joints, no midway, or concessions.

It can boast the most beautiful beach on the East Coast. It has fine hotels and motels, restaurants and gift shops and several churches. There is no night life to speak of. Its famous Casino has resounded to the music of the biggest and best bands in the nation and still does and has featured many of the top talent in the entertainment world.

As is customary at any dance pavilion of any taste and refinement, the young men must wear coats and ties; the young ladies are usually radiant in cocktail gowns and bright summer attire. It does not cater to the jerks, the pickers and hoodlums, and never did.

Hampton Beach always has been, and still is, the beach where the entire family can enjoy a day, a week or a season. Decent people are drawn to it. Many improvements in the past year or two have added to its attractiveness as a summer resort.

Hundreds of young people, high school students and young collegians, are employed every summer at Hampton Beach in a variety of capacities, in the hotels, motels, restaurants, gift shops and stores. They are good kids and add a certain lustre to the public places at the beach.

There are other hundreds who vacation there every summer. They are attractive young men and women. They have a good time and cause no trouble. In fact, the older Hampton Beach devotees have thoroughly enjoyed the presence of so many vibrant young people.

But, of recent years, a different element has been observed at Happy Hampton — and she isn't happy about it, especially after Labor Day weekend.

This is a young, irresponsible, undisciplined and usually not too solvent element. Mostly observed on the summer weekends, this element has sparked the hooliganism and rampant lawlessness which has been a serious problem to law enforcement agencies at the beach.

But a good kid is hard to distinguish from the hooligan when all are clad only in bathing trunks or in shirts and slacks. It isn't until the storm clouds break that the trouble-makers are revealed. Even then, many an innocent kid is sucked into the maelstrom not of his making.

Hampton Beach authorities work diligently at providing a modern summer resort for the thousands who visit there every year. Facilities are clean and attended, the beach is patrolled and a watchful eye is on the alert for the safety of everyone.

Tragic indeed is the exhibition put on by those who are allowed to enjoy this beautiful New England resort all summer only to try to destroy it come Labor Day. Hampton Beach doesn't deserve it, nor do the fine people who maintain it.

Saga Of A Young Boy

Editor of The Graphic:

The newspapers these days are filled with stories about the "other" kind of youngsters, that I thought you might like to give a little publicity to an admirable young man. He's only 11 years of age.

Recently he stood on the shore as his sister and another girl were rowing in a boat. Suddenly the boat was caught in a strong swift current heading out to open water. The girls were frightened and helpless in the deep water. Two human lives were threatened.

Jay hurriedly donned a life-belt (he'd been having stomach cramps this afternoon). With no fanfare whatsoever, he jumped into the water and swam about 100 yards to the panic-stricken girls.

He climbed into the boat, took the oars and calmly and capably maneuvered the boat to safety.

We think Jay Gainsboro is quite a boy — for 11 — or any age. Thank you.

Your Health...

Don't Teach Your Child To Stutter!

Don't teach your child to stutter!

This may sound like foolish advice, yet, many parents — because of lack of understanding — are directly responsible for the development of such speech defects in their children.

In an attempt to "help" the child, well-meaning parents sometimes hurry him to complete a sentence or — mistaking natural speech hesitation for a defect — supply him with the words to complete his thought. This so-called "help" may cause the child to become emotionally confused, resulting in habitual stuttering.

What can parents do if their child already stutters?

Since emotional confusion is only one of many causes of stuttering, parents should have the child undergo a careful examination to rule out any physical malformation of the jaw, larynx, tongue, palate or nasal passageways. If these organs are normal, an examination should be made for nutritional disorders and, lastly, psychological disturbances. Meanwhile, every effort should be made to relax the child, to put him at ease and to treat him as though no defect existed. Observe a child

in solitude, singing or talking to a doll or dog, and you will generally observe that there is no stuttering.

It is only when the tot is thrust into a position where he is exposed to ridicule by his playmates or impatience by his parents that the stuttering usually begins. The effort may be likened to a gasping for air.

Wise parents will encourage the child to talk. Making a game out of conversation will not only relax the youngster, which is most essential in the correction, but will instill in his childhood the great art of good speech. He should be placed under the guidance of experts in the problem who will help him overcome his handicap with special training.

If you don't want to "teach" your offspring to stutter, remember... listen to what he has to say... let him speak freely... and don't correct his mistakes while he is talking.

And if the child already has a speech defect, seek help for him. Don't wait for him to outgrow it — maybe he won't.

Janet F. Roser and Steve M. Roser, daughter and son of Mrs. Roger O'Gorman and the late Dr. John P. Roser, who live at 53 Arapahoe road, West Newton, leave for school this fall. Janet enters the University of Vermont in Burlington as a freshman. Steve enters Harvard Dental School.

Political Highlights

(Continued from Page 1)

on election night will disclose whether Volpe helped or hurt his own cause by doing so.

Whether Lieutenant Governor Bellotti can pull together the strife-torn Democratic party and achieve anything approaching a united front for his upcoming struggle with ex-Governor Volpe is a big and important question.

It is a question Bellotti himself must be somberly pondering even as he rides the crest of his spectacular and stunning primary victory over Peabody.

Democratic leaders like to boast that they can club each other over the head in savage primary struggles within their own party and then close ranks and work side by side against a common foe, the Republicans.

The hard fact is, however, that the Democratic party in modern times has not witnessed the kind of fierce political warfare which Bellotti and Peabody waged in their primary fight.

Perhaps most of the wounds to draw them into his own camp if he won the nomination. That foresight may pay political dividends.

One thing Bellotti could do to restore some degree of unity to the Democratic party would be to endeavor to persuade Peabody to accept the Democratic nomination for State Auditor.

Peabody might be unwilling to step down and fill that spot on the Democratic State ticket. It would be a master stroke for Bellotti, however, if he did so.

There is no doubt that Peabody would aid Bellotti tremendously if he were running on the same ticket with him even as the nominee for Auditor. That would be likely to get even the most die-hard Peabody partisans behind Bellotti. But most times politicians don't do the obvious.

Political analysts are still trying to fit the pieces of a puzzle together to figure out why Bellotti won and Peabody lost.

The simple explanation of Bellotti's victory is that it was principally carved from anti-Peabody sentiment.

Bellotti, of course, received the votes of many people who were attracted to him for a variety of reasons. But he couldn't have won nomination on his positive votes alone.

A vast number of persons who voted for Bellotti were in reality casting negative votes against Peabody.

Why was the public antipathy to Peabody so deep and widespread?

The fact that he projects poorly on television and that his televised press conferences and campaign productions did not make a good impression upon his viewers undoubtedly hurt him although Peabody makes friends when he meets people personally.

The one factor most responsible for Peabody's defeat in the primary was the all-out fight he made to abolish the death penalty. That may have ended Peabody's own political life.

That was a potent issue and an emotional one against Peabody. Political observers generally believe that most police officers across the Commonwealth voted against Peabody because of his stand on capital punishment. They represent a very substantial bloc of votes.

The action of State DPW survey teams in halting thousands of motorists on the busy highway in Massachusetts on a hot August Sunday afternoon cost Peabody the votes of many of the people inconvenienced.

Any Governor builds up a certain amount of hostility to himself over a 20-month period as he takes stands on controversial issues, signs bills into law, vetoes other measures, replaces public officials and appoints one judge from 100 law benches clamoring to go on the bench. Peabody was no exception.

All these things might have been overcome, however, except for the hand of fate.

If one were to pinpoint the time Peabody lost his fight for renomination, it was the ill-fated night last June when the plane carrying Ted Kennedy to the Democratic State Convention crashed in Western Massachusetts.

Had Ted Kennedy been out campaigning with Peabody in recent weeks, he undoubtedly would have swung enough votes to make the difference between victory and defeat for the Governor.

He would have smoothed down ruffled feelings. He would have prodded his own organization into greater action. He would have given added spark and drive to Peabody's campaign.

It's true that one political figure can't transfer his own popularity to someone else. It's also obvious that newspaper advertisements and taped radio recordings of Ted's endorsement didn't make the expected impact.

It might have been a different story, however, if Ted Kennedy had been able to be out campaigning and had not been confined to a hospital room where he is recovering slowly from a broken back.

A number of persons have asked why so many political writers, including this one, were wrong in forecasting the outcome of the Peabody-Bellotti contest.

The answer is that just about everything went contrary to form when the returns came in on the Bellotti-Peabody contest.

A political columnist sizes up an election fight on the basis of all the information available to him and reports his conclusions to his readers.

This was one political battle which did not follow any set pattern. Peabody ran well enough to win in some areas but trailed Bellotti badly in others.

Democrats In Ward 8 Hold Vital Meeting

The Ward 8 Democratic Committee met last Wednesday evening at the home of the chairman, Morris Kritzman of Newton Highlands to accomplish a two-fold purpose.

First, the committee's future work was outlined and several important decisions were made. Precinct committees were organized to ensure the registration of new voters. A decision was made to add associate members to the committee.

This is a plan, recently adopted in other wards, which allows an interested ward resident to meet with the committee to witness ward functions, to express his views, and to volunteer his services for any of the variety of jobs that the committee must do.

Anyone wishing to become an associate member of the Ward 8 committee is welcome to call Mr. Kritzman at 244-5470 or Mrs. Barbara Wise, the ward secretary at LA 7-6025.

Also present at the meeting was a large contingent of teenagers who were representatives from the Teen-Dems organization, a city-wide group. They are interested in participating in the political action of their community. Young people, between the ages of 14-18 who wish to join this group are welcome to call Mr. Manny Andelman, their group coordinator, at DE 2-9878.

Representative students from Wellesley College, Harvard, B.C., Brandeis, Bentley, and B.U. also participated in the meeting.

The second half of the meeting was devoted to the planning of Mr. Kritzman's campaign. He is the Democratic candidate for the Norfolk-Middlesex Senatorial District seat now held by Mrs. Leslie Cutler.

Irving Fishman, the 5th Middlesex representative, expressed his thanks to the group for their help to him and pledged his wholehearted support to Mr. Kritzman who had been Mr. Fishman's campaign coordinator in his last successful bid for the House of Representatives.

resulted at least partly from a proposal by Alderman Metcalf & Eddy, the consulting engineer, that the city consider the installation of a more expensive type of equipment in the incinerator.

Mayor Gibbs replied last night that the equipment Jackson wants considered is not only much more costly but also is unproven at this time.

Jackson has arranged for experts on the subject, including a Harvard professor, to appear before the Aldermen on the night of Oct. 1 and discuss the matter.

Several Aldermen, including Jackson, said Monday night that they were unable to understand the mass of technical detail presented to them at the meeting by Dr. Carlton Moore, employed by Metcalf & Eddy, the consulting engineering firm which is employed by the city on the incinerator project.

In moving that the incinerator item be held until the next regular meeting, Jackson declared that the incinerator is a 50-year project, and that it is of the utmost importance to put into it only the kind of equipment which, during that period, would stand up under any new health code provision that might be placed on the books. He expressed the opinion that the existing code is likely to

change because of the growing interest in prevention of air pollution.

It had been proposed originally that equipment of the spray baffle type, to cost \$779,500, be installed. However, the mayor and public buildings commissioner, at the urging of Dr. Moore, had upped the appropriation request to \$969,500.

The added \$190,000 is the difference between the baffle type machinery and equipment of the rotary cyclone type.

The Metcalf and Eddy consultant spoke at considerable length on the virtues of the latter type. He was subjected to close questioning by various members of the Board, all of whom gave indication that their aim would be to provide the best possible protection against air pollution and the best possible protection of the incinerator's substantial investment.

When he spoke urging more deliberation on the matter before taking action, Alderman Jackson expressed his opinion as an engineer that there was a third type of equipment — electro-static precipitator — that could possibly be the most efficient type obtainable, and that it would be well worth its cost, whatever that might be.

After the meeting had adjourned, Mayor Gibbs and Wendell R. Bauckman, president of the Aldermanic Board, held an informal discussion of the incinerator matter. Said the mayor: "Regardless of its cost, the money is peanuts compared to what a new dump area would cost." He added that the existing dump area was just about full.

The \$969,500 sought by the mayor and commissioner of public buildings would be taken from the proceeds of the \$2,000,000 incinerator bond issue, and would cover the cost of equipment and its installation in a building constructed under another appropriation.

The meeting of a committee of the whole, set up at the suggestion of Alderman Jackson, will be held on Thursday, Oct. 1, at 7:30 p.m. in City Hall. All members of the Board are expected to attend. Others to be present include a Harvard professor, who has talked with Jackson about the electro-static precipitator type of equipment; Mayor Gibbs, the public buildings commissioner, the director of public works and Dr. Moore, the engineering consultant.

The following Aldermen voted against holding the incinerator item until the Oct. 5 meeting of the Board: Adelaide B. Ball, William L. Bruce, Melvin J. Dangel, William M. Glovsky, George L. Hicks, William E. Hopkins, John P. Nixon and Jack M. Roberts.

Voting in favor of the delay were Aldermen Winslow G. Auryansen, William Carmen, Ernest F. Dietz, Harry H. Ham Jr., John F. Holden, David W. Jackson, Andrew J. Magni, Theodore D. Mann, John P. McCarthy, Warren A. Sutherland, Edward C. Uehlein and Wendell R. Bauckman.

Absent were Paul J. Burke, Franklin N. Flashner, Charles F. Hovey and Harry L. Walen.

Kritzman Is Extolled For Primary Vote

Former State Representative Morris Kritzman of Newton became the first Democrat in 25 years to receive more votes in a primary election than Mrs. Leslie Cutler, long time Republican incumbent.

Kritzman supporters were delighted with the impressive results of the primary vote in all sections of the Norfolk-Middlesex district which gave Kritzman 9156 votes as against 6359 votes received by his opponent, and quick reactions came from notables throughout the district.

Democratic officials had this to say, "The voters have finally found a Democratic candidate for the State Senate whom they can respond to and support. Kritzman has appeal to loyal Democrats as well as to Independents who vote the man."

"In Kritzman," said Professor Charles Regan of Wellesley, "we have a highly qualified, energetic and personable candidate for the Senate. The Kritzman nomination offers thinking voters a real opportunity to make a change for the better. Let us remember that Democratic government depends on a constant supply of new leaders who will more truly reflect the times in which we live. We must have political leadership which is in step with the times."

Commenting on the surprisingly big vote for Kritzman in Dedham, Francis O'Brien, popular Democratic nominee for State Representative from that town said, "Morris Kritzman is a very qualified candidate and will make a good State Senator. He is an able champion of the same democratic principles which I support in my own campaign. He is a good Democrat who will reflect credit to our district. I will certainly do everything possible to assure his election."

Kritzman's Needham workers were especially pleased with the results in their town where their candidate came within 74 votes of topping the Republican incumbent in what has been her stronghold for 25 years. No candidate has

More Sports For Girls Is Urged By Doctors

By the American Medical Association

The American Medical Association Committee on the Medical Aspects of Sports today urged greater development of sports opportunities for more girls and women in the United States.

The committee expressed concern about the inadequate provision for physical activity for a large proportion of the nation's feminine population. Whether from culturally-imposed restrictions, untenable physiological taboos, or from disproportionate allotment of time, facilities, and leadership, many are not receiving the desired experiences from suitable and regular physical activity, the committee said.

"The health benefits of wholesome exercise are now well substantiated, and are just as pertinent to the female as to the male. The woman who maintains a high level of health and fitness can meet family or career responsibilities more effectively, and can pursue avocational interests, more enjoyably. Also, and not unimportant, participation in healthful physical recreation is now accepted, rightfully, as contributing to the feminine image instead of detracting from it."

It is "imperative," the committee continued, that all girls be reached and involved

in sports programs commensurate with their respective capacities and interests.

The success of fads, shortcuts and quackery in the area of physical fitness among girls and women indicates their "receptive but indiscriminating interest," the committee commented. Experiences derived from such programs fall short of the exaggerated claims made for them and do not provide the satisfaction necessary for continued activity, it said.

Programs of sufficient breadth and depth to permit progressive involvement and continuing interests are essential, the committee pointed out. Basic to the administration of healthful and safe sports programs are proper conditioning, careful coaching, good officiating, right equipment and facilities, and adequate medical care.

The AMA committee commended the efforts of the American Association for Health, Physical Education, and Recreation in encouraging sports for women and offered its support.

Florist Objects To Day School Land Taking

The Newton School Committee was asked Monday evening to reconsider its vote on landtaking for expansion of the facilities of Day Junior High School in Newtonville.

Harry D. Brenner of 21 Park Ave., Newtonville, appeared with his lawyer at the committee's first regular meeting of the 1964-65 school year, and urged a reversion to the original plan, which called for the taking of four homes by eminent domain.

Pointing out that he was the operator of Ruane Flower and Greenhouse Corporation at 77 Walnut St., he said that taking land across from the school as a play and parking area would mean the loss of a part of the land he owns. Chairman Haskell C. Freeman of the School Committee told Brenner that the ultimate decision on the taking of land rests with the Board of Aldermen.

Nevertheless, the committee went into executive session following adjournment to discuss the Brenner request.

Chestnut Hill Towers Among Docket Items Getting Action

Action Monday night on docket items by the Board of Aldermen was as follows:

The way was cleared at last for construction of the multi-million dollar apartment complex by Chestnut Hill Towers, Inc., at 250 Hammond Pond Parkway, the Board having accepted a favorable report by its committee on Claims and Rules on the corporation's petitions for permissive use and a zone change by which Residence F

Districts are excepted from the ordinance prohibiting parking of cars in a set-back area.

Approved was a request of the Retirement Board providing an annual pension of \$2295.95 to Daniel A. Purcell, World War I veteran and a Street Department employee for 35 years.

An appropriation of \$7000 was approved for removal of buildings at the abandoned city infirmary, removal of wreckage and filling in the hole left.

The Board confirmed the Mayor's reappointment of Hirsch Sharf, 143 Woodchester Dr., Chestnut Hill, as a member of the Board of Appeal, Zoning Laws, for five years beginning Sept. 1.

Hearings on Oct. 13 were set on two petitions. That of Helen C. Andronica for permissive use to provide housing five male university graduates employed in executive capacities at 21 Mt. Vernon Terr., Newtonville, was one. The other was that of Henry L. Baccus for operation of a nursery school at 230 Central St., Auburndale, where it is proposed to use the Montessori method in the Education Building of the Centenary Methodist Church.

It was voted that Mayor Gibbs would name the city solicitor to represent the city as an objector to advertising on both sides of the MBTA bridge over the Worcester Turnpike, at a hearing before the MDPW Outdoor Advertising Division.

Petitions for increase in storage of inflammables were approved for Archibald Barron, 979 Watertown St., West Newton, and Gulf Oil Corporation at 732 Beacon St., Newton Centre.

Favorable committee reports on the School Committee's suggestions for improvement to the Carr School were accepted. The proposed alterations involve construction of a large, flexible assembly-

Aldermen Shut Door To Dolan Oil Co. Petition

A petition brought by the John Dolan Oil Company Inc., on which action had been deferred by charter objections at the two previous sessions of the Board of Aldermen, went definitely down to defeat at the meeting of last Monday night.

The petitioner sought permission for replacing the present wooden garage structure at 153 Concord St., Newton Lower Falls, with a building with steel framing and aluminum walls.

The committee on Claims and Rules had voted 6 to 1 for denial on various grounds, including the contention that Dolan intended to operate both as a retail and wholesale business in a Residential "D" district.

The vote Monday night upholding the committee's adverse report was 15 to 6 with three absent.

Favoring denial were Aldermen Adelaide B. Ball, William L. Bruce, William Carman, Melvin J. Dangel, Ernest F. Dietz, Franklin N. Flaschner, Harry H. Ham, Jr., William E. Hopkins, David W. Jackson, Theodore D. Mann, Jack M. Roberts, Warren A. Sutherland, Edward C. Uehlein, Harry L. Walen and Wendell R. Bauckman. The six Aldermen opposed to denial were Winslow C. Auryansen, William M. Glovsky, George L. Hicks, John F. Holden, Andrew J. Magni and John P. Nixon. Aldermen J. Burke, Charles F. Hovey, and John P. McCarthy were absent.

A motion for reconsideration was defeated 21 to 0, with the same three absent.

give a LIFT to summer-weary grass with a FALL

feeding of MILORGANITE

Soil depleted of vital elements during summer months can cause grass to become tinged with yellow, generally unhealthy, and subject to brown spots caused by turf diseases. That's why it's wise to fertilize in fall with famous MIL-ORGANITE. Nation-wide research proves it is best in producing healthy lawns. New 50 lb. bag covers 2500 sq. ft.

NEW TOWERS MOTOR INN

Moroccan Decor Marks New Towers Motor Inn

The striking new peak in the Dedham skyline; is one of New England's most elaborate edifices decorated and designed.

The TOWERS MOTOR INN, opening on Thursday, Sept. 10, reflects the first extensive use of Classic Moroccan design in a commercial installation. The 104 unit structure, includes eight elegantly furnished penthouse suites, complete with terraces.

Peter and Harold Kanavos, builders, have captured an irresistible atmosphere, and the emphasis is on luxury, comfort and hospitality. John J. Foley is the manager, and his wealth of experience in motel management assures convenience and congeniality.

Joseph Simon Peters, A.I.D., and Carl Windsor Goulden of Miami and Boston are the interior designers of this magnificent building, and from lobby to penthouse they eloquently reflect their Moroccan motif in a myriad of color and design.

The lobby is resplendent in a jeweled, sapphire blue flooring. The registration desk and coffee shop are located in the front lobby and elevators to all floors are easily accessible on the lobby floor.

To complete the first floor, the Kashmir Lounge, with its soft gold walls is the epitome of relaxed atmosphere. It will feature continuous entertainment.

Temple Conducts Two Services On Yom Kippur

Donald L. Daniels, president announced that Temple Shalom of Newton continued the practice of holding two identical evening services on Yom Kippur Eve which were conducted by Rabbi Murray I. Rothman.

Rabbi Rothman's sermon was entitled "Beat or Stirred — a Choice for Moderns." Rabbi Rothman pointed out that "One of the desperate needs of our time is the need for communication. Many observers of the American scene have commented on the fact that even though the means of communication are better developed than they have ever been, the ability to communicate has been largely lost."

Rabbi Rothman called the attention of the congregation to the fact that "each generation stigmatizes the next one with some derogatory label — desolate, immoral, beat, — but whatever the term the elders are convinced that the juniors are clearly tramping along the highway to hell. What we tend to forget is that the standard which youth has, was developed in the matrix of a society which helped create. . . . It is easy to shift the blame. Yom Kippur asks us to assume the responsibility."

On Wednesday, Sept. 16 the Temple Shalom services began at 10:00 a.m. and continued throughout the day. There were special children's services at 1:00 p.m. Rabbi Rothman conducted all services, with lay participants including the following members of the congregation: Arnold E. Daum, Richard E. Gladstone, William M. Glovsky, Mrs. Meyer Hoffman, Bertram H. Loewenberg, Richard W. Madfis, Dr. Meyer Ritvo, Theodore S. Samet, Robert E. Segal, Paul M. Siskind, Mrs. Herbert L. Solomon, Dr. H. Richard Sonis.

Scholarships Offered By Press Ass'n.

The approved applications will be forwarded to a NEWPA scholarship committee for determination.

NEWPA headquarters is located at Northeastern University in Boston.

Young Dems For Newton Mental Health Clinic

Endorsement of the proposals and program of the committee for Mental Health in Newton was voted at a recent meeting of the Newton Young Democrats.

The organization called upon the mayor, the School Committee and the Board of Aldermen to take appropriate action for establishment of a mental health clinic in this city.

Guest speaker at the meeting was Dr. John F. Reichard, who described the committee's aims, and expressed thanks to Rep. Joseph G. Bradley for assistance in guiding a bill through the legislature that will provide funds to finance the mental health committee's work.

He went on to point out that 1400 children in Newton are referred to the guidance counselors each year, and that 800 of them need psychiatric help. The proposed clinic would enable more to be treated.

REALTY COURSE NEWTON

Classes Starting Now For November 21st Exam

OVERCROWDED? NO!

Occasionally we hear talk about how overcrowded the real estate business is becoming—too many brokers, etc. But the fact is that the real estate business never had it so good! Just glance at the real estate section of your paper — today or any day of the year. You will see plenty of business — more than enough for all.

HIGHER COMMISSIONS DUE

Latest reports indicate that higher prices for some types of real estate are on the way. This will result in higher commissions for brokers. Prepare yourself now for these increased PROFITS. You probably know at least one person who bought or sold a home last year. Chances are the sale was handled by a broker whose commissions average about \$1000 per sale. You might have earned the

commission had you been licensed. Why wait? Act now.

BIG SELLING SEASON AHEAD

If you act now, you can complete the training in time for the November 21st Exam and start business part time well in advance of the big Spring selling season. Act now before the expected new one year apprenticeship law.

ATTEND FREE LECTURE

Attend a FREE DEMONSTRATION LECTURE at the Newton Centre Women's Club, 1260 Centre St. (Opposite S.S. Pierce) at 8 P.M. on Thursday, Sept. 17th. You will receive a FREE copy of "How To Choose Your House", an easy-to-follow guide for purchasing a home. No obligation. The entire course will be presented in Newton. For more information, phone collect anytime. Lee Institute.

TAKE IT EASY, FRIEND ... SCHOOL IS NOW OPEN! DRIVE SAFELY AND WITH COURTESY WATCH AND PROTECT OUR CHILDREN

'Can't happen to you?' Don't you believe it! The next highway statistic may involve you. It is estimated that this year over 49,000 persons will be killed or maimed from motor accidents in the United States. You and I and other citizens will pay billions of dollars in toll for this sacrifice. Do your part in preventing this slaughter. Remember these basic rules for highway safety:

- Stop when School Bus stops
- The license to drive is a privilege, not a right. Honor it.
- Set a good example to your children and other young people
- Install and use approved safety equipment at all times
- Start your trip in plenty of time to avoid the big rush!
- Signal to other drivers, give them ample time to act
- Remember, hand-signals give you a double margin of safety!
- Carry emergency warning flares and lighting equipment
- Heed the tips of organizations such as National Safety Council, American Automobile Assoc. and Insurance Companies
- Plan to enjoy driving for a long time. Drive Safely!

- Obey traffic and road signs. They are for your protection!
- Keep your car in good mechanical shape. Maintenance pays!
- Never drive when below-par, over-tired, not alert
- Watch children on bicycles
- Anticipate, be on guard for other drivers' wrong moves
- Keep both hands on the wheel, eyes faithfully on the road
- Keep within the posted speed-limit. Remember, speed kills!
- Observe the "Golden Rule." Treat the other guy like yourself!
- Be especially watchful for youngsters darting into traffic
- Never think you are "special." Taking chances is kid-stuff!

BE ESPECIALLY CAREFUL!

Creation Of Maternal And Child Health Post Seen Progressive

A new post, Coordinator of Maternal and Child Health, has been established in the Newton Health Department, and as its head, Dr. Henry M. Greenleaf, health commissioner for the city, has appointed Dr. Dorothy Worth, who has been active in the department for several years.

Created to provide better public health supervision and services in the growing field of maternal and child care, the post, it is expected, will help make it possible for the health authorities to put into effect the provisions of the new state law regulating conduct of nursery schools.

It is hoped that a long step can be taken toward providing what is lacking in homes that do not fit children to take their places in society—the sort of lack that increases the demand for day care centers for children of working mothers. More of these centers will become available to Newton mothers, it is hoped.

In addition, there has been a growing desire on the part of middle and upper income parents to provide a pre-school educational experience for their children. This demand has not been accompanied by a demand for quality in the nursery school, often because many parents do not know what to expect in a good nursery. The new coordinator expects to be active in educating the public to the services and programs offered in excellent schools.

By this means, it is hoped that parents will play a major role in stimulating nurseries voluntarily to provide the best possible experiences for the children under their care.

In addition to the important work in nursery education, the Coordinator of Maternal and Child Care will have a role in providing well child conferences throughout the city, assisting in the school health program, and in all public health functions designed to improve maternal and child care in the city.

Dr. Worth, the wife of Dr.

As an added feature to the Army Day's festivities, the famed 18th Army Band from Fort Devens will play show music and stirring marches. For the next eight weeks the quartet will live and train together at Fort Dix, N. J.

Discussion Of City's Renewal Plans Tuesday

The city's Future will be discussed at a meeting on Newton High School Tuesday evening, Sept. 22, at 8 o'clock. This will be an opportunity for all to find out what it is, why it is needed and how it will affect the residents of six study areas.

Football Teams Of Both Highs Face Rebuilding

Football Coaches Jim Roynayne of Newton High and George Winger of Newton South High are faced with the task of building teams that are virtually new, it was revealed last week as drills got underway for the 1964-65 season at each school.

Only one letterman, Guy Reynolds, who will be playing defensive line-backer for NHS when the boys open the season at Everett, Sept. 26, has returned to action. Roynayne says he can double as offensive fullback.

At Newton South, the situation is nearly as serious, what with only five regulars on the squad, and there are only 12 lettermen among the 50 candidates.

New Organist At Methodist Local Church

On Sunday, September 13, C. Robert Montgomery of 10 High street, Natick, assumed his new position of organist, director of choirs and also director of the Whitechapel Bell Ringers at the Newton Centre Methodist Church. He accepted this position following the resignation of Miss Marion C. Greene, who has moved to Cape Cod.

Mr. Montgomery has a wide and varied background and has enjoyed many interesting and unusual experiences. He started organ as a choir boy and later on his engineering school sciences predominated professionally, and music in turn became his hobby.

Currently, he is teaching part time at Northeastern University, works part time at Parke Mathematical Laboratories in Carlisle and still finds time to give organ, harpsichord and piano lessons. Any spare time is devoted to building his own organ and studying for national examinations for the Fellowship. He has worked with choirs of men, boys, girls and adults in St. Paul's of Norwalk, Ohio; St. Stephen's of Wyandotte, Mich.; St. Christopher's of Detroit, Mich., where they had a multiple choir system with over 100 enrolled; St. Paul's Natick, and also the First Baptist Church of Newton Centre during the summer where he was guest organist.

He has participated in numerous concerts, recitals and in dedications of new organs.

Problems Few As Schools Open Doors For Year

Very little out of the ordinary marked last Monday's opening of the Newton schools. Superintendent Charles E. Brown reported to the School Committee that evening.

However, he said, there were a few problems for the committee's attention due to increased enrollments at Hyde, Hamilton, Bowen, Emerson and Underwood Schools. Twenty or so more pupils than were expected arrived at each of them.

Spots that are particularly crucial, Dr. Brown pointed out, are kindergartens at four schools, Oak Hill, Underwood, Bowen and Pierce. It was his opinion that because of this there may have to be staff changes arranged.

Decreases in enrollments at some schools indicated that their area school population may be stabilizing. The schools: Oak Hill, Memorial, Carr and Spaulding, three of them in one area.

NEWTON COMMUNITY CHEST COUNCIL

First Directory Copy

Mrs. Irene K. Thresher, right, president, Newton Community Council, receives first copy of the new edition of directory, published by the Council, from Constance S. Garbutt, left, executive director.

Directory Of Agencies Has Been Released

Publication of the new edition of the Directory of Newton Agencies and organizations was announced today by Mrs. Irene K. Thresher, president, Newton Community Council.

As Newton's "Who's Who," the handy pocket-size Directory lists the presidents or chairmen of over 400 organizations. These groups include, among others, P.T.A.s., church groups, civic, social, business, fraternal, service clubs, and veterans groups.

In addition, all Newton agencies and city departments are listed along with aldermen and school committee members, as well as all churches and synagogues, schools, colleges and libraries.

New this year is the listing of all Nursing Homes and Rest Homes in the city.

The Directory also contains a seven-page section describing the work of 28 agencies and departments in the health, welfare and recreation fields.

The Directory, revised annually in September, is the only up-to-date compilation of such information in Newton.

Hundreds of people active in community affairs have found this Directory indispensable.

Directories are on sale at all branch libraries in Newton and at the Newton Community Council office.

Publication of the Directory is done as a public service by the Newton Community Council, a Red Feather Agency sharing in The United Fund.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Bellotti Unknown Quantity To Most Bay State Voters

A number of factors are in Lieutenant Governor Francis X. Bellotti's favor as he moves into his crucial election battle with ex-Governor John A. Volpe.

Massachusetts is basically a Democratic State. If all things are equal, a Democratic candidate will defeat a Republican.

President Johnson is a heavy favorite to carry the Bay State over Senator Barry Goldwater and to produce a Democratic trend at the top of the ticket.

But these things were true when Volpe defeated Joseph D. Ward for the Governorship in 1960.

Even though the late John F. Kennedy piled up a staggering plurality over Richard M. Nixon, enough Democrats, Independents and Republicans then crossed party lines to give Volpe a decisive victory.

Lasell Jr. College Has Record Start

Lasell Junior College in Auburndale, oldest institution of its kind in the country, opened its 113th academic year last Thursday, Sept. 17, with a record enrollment.

Some 400 freshmen, the largest number in the history of the school, registered on opening day to swell the total enrollment to an even 700, another record.

The previous record was 675 in 1963. Increased enrollment was made possible through the conversion of Berkeley House into a dormitory for 12

additional girls, and by a decision to accept another 13 day students, according to Dr. Blake Tewksbury, president. Eight new faculty and staff members have been added.

Highlight of the opening day of school was the annual President's Tea, given in the President's house by Dr. Tewksbury and Mrs. Tewksbury for all new students.

On Saturday, at an all-school picnic, first-year students will receive their freshman caps and will be assigned "big sisters" in an informal ceremony.

It's A Lasell Habit

Dr. Blake Tewksbury, college president, greets Lasell alumna, Mrs. Harriet Reeves, of Ohio, and twin daughters, Nancy, left, and Alice, right, freshmen this year. A third daughter, Anne, graduated from Lasell in 1958.

School System Hailed As Best In The Nation

The Newton public school system, often the recipient of nationwide acclaim for its excellence and originality, will have its shining image further enhanced when it becomes the subject of a cover story in the Atlantic Monthly, out today.

Dr. Charles E. Brown, superintendent of the Newton public schools, author of the article, was personally approached by the magazine to write the story of the schools in this city.

school, and a fully accredited public junior college.

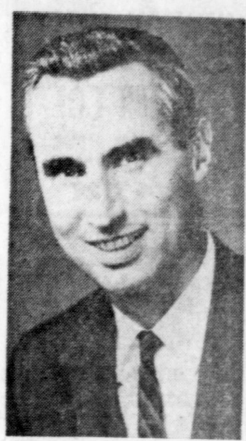

In requesting Dr. Brown to write the article, the Atlantic Monthly established something of a precedent in going directly to the head man for authorship rather than consigning a staff writer to the task.

Magazine spokesmen acknowledged that the Newton public school system is the best and most interesting in the country. It will be the

only school system mentioned on the cover during the series.

In releasing the Newton school story on the newsstands today, the Monthly, long a most respected periodical nationally, has announced extensive radio and television coverage of the event.

Channel 5 in Boston will feature a filmed interview between Dr. Brown and John

Mayor Praised In Act To Raze Mason School

Newton's Mayor Donald L. Gibbs recently received "thanks" from the Newton Chamber's Mason School Committee for his recently successful aldermanic request for an appropriation to tear down the old Mason School.

Giles E. Mosher, Jr., committee chairman and vice

president of the Newton-Waltham Bank and Trust Co., acted as the spokesman for the members of this committee who are representatives of Newton Centre-oriented firms.

As a result of the meeting with Mayor Gibbs, committee policy has been established whereby the results of a recently conducted parking survey will be combined with a professional traffic study for the purpose of establishing a professionally-prepared, long-term evaluation of the best use of the Mason School land. The Mayor's recent aldermanic request was approved and soon will result in the tearing down and landscaping of this property.

The results of the committee's professional study is expected to be released to the Newton Board of Aldermen and general public within the next two to three months.

Funds are still short of the goal, and every day until Saturday, Sept. 26, when the Roberts leave for Mississippi, the car will be parked in their yard as a reminder that freedom is not free, and that if everyone gives a little, a lot of help can be provided.

CHECK SEALS SALE — George Chaletzky, left, president of Temple Reyim, accepts check from Lyman Ziegler, treasurer of board of trustees of All Newton Music School to seal sale of property to school.

Newton Music School Expanding Facilities

The All Newton Music School, which has served the Newton Community for 54 years, has purchased the large home and property at 321 Chestnut St., West Newton, that housed Temple Reyim for the past 14 years.

This was the estate of the late Henry B. Day, a well known citizen of Newton. The building includes a hall that can hold 250 people, and more than 20 other rooms.

The property was purchased by the trustees of the Music School early this summer. With enrollment continually increasing at the school under the direction of Mrs. Anne Gombosi, larger quarters have been needed for some time.

The All Newton Music School now provides a broad range of music education for more than 600 pupils annually. Extensive landscaping is already in progress. Interior and exterior restoration is

planned for the building. The new school of Temple Reyim is now located adjoining the Temple sanctuary at 1860 Washington St.

The All Newton Music School will move from its present quarters at 398 Walnut St., Newtonville, during the Christmas holidays.

cellence for the College and his inspiring stewardship.

Mr. Dudley addressed the Convocation on the subject of "The Individual in the World of Change." In a brief report on the present status of the College, he said: "Significantly, as Newton Junior College enters its Nineteenth Year of educational service, the prestige of and respect for the College are unmistakable."

As the first and still the only accredited public junior college in New England, Newton enjoys the enviable position of leader and prototype, the model, at least in educational effectiveness, to which other institutions point with envy.

He then reported that the total Day School Population of the College is at the present time 479, 292 in the entering class representing an increase of 75 over last year and 187 in the second-year class.

Mr. Dudley challenged these students to concern themselves with the factors of "change, challenge, and choice" in these times of an "appalling rate and limitless dimension of change, and the consequent enormity of challenge and the burden of choice." He stated that "for all of the wonders and benefits of change, the very processes that have brought it about have, in some cases, sewn the seeds of discontent . . . have introduced dislocation, maladjustment, indifference, conformity, inertia . . . almost normal aspects of change."

As every American faces the issues of world order, poverty, the full fruits of citizenship, equanimity and integrity in self-government, Mr. Dudley offered "the uncommonly common virtues of commitment, courage, and vision" as "tenets of a functional philosophy in a world of change, challenge, and choice."

Ghosts And Goblins In Restraint

Preparations are under way once again throughout the entire City of Newton to assure a gala observance of the festive night of ghosts and goblins, mystic Hallowe'en.

Officials in charge of the celebration have been named, committees appointed and everybody from Mayor Donald L. Gibbs down to the tiniest toddling tot will stand ready to contribute their all in the name of the great local observance.

Newton's handling of Hallowe'en for the past several years has attracted nationwide attention. This year will mark the tenth such city-wide co-operation and wholehearted togetherness on the part of the entire community.

Hallowe'en is a major event in Newton with practically the entire adult population, including citizens from all walks of life, pitching in to put on the biggest, ghost-and-goblin party seen anywhere in the entire United States. And it's all for the safer and more lawful enjoyment of the day, or night, by the city's youngsters.

Apparently, the idea has paid off over the past nine years. Vandalism and hoodlumism has decreased remarkably since the community-sponsored parties were held throughout the city. Youngsters of all ages have special programs prepared for them, they don their costumes and let go with a real Hallowe'en blast—but all in the best supervised manner.

Participation by adults, as planners and supervisors, of the hundreds of parties in no way detracts from the thorough enjoyment of the events by the small fry.

It is a fine civic gesture on the part of the many adults who contribute mental and physical effort in the preparation of the parties. The concept of a hearty but sensible observance of Hallowe'en is unique with Newton where the idea was born nine years ago.

Countless communities have taken up the Newton idea and have put it into practice as a happy solution to an annual vandalism problem. We trust that it has worked as well for others as it has for us.

Those tiny Hallowe'en elves and those little costumed denizens of the darkness who tramp up to our front doors with the annual trick or treat solicitation are not usually any cause for concern on the part of the police.

It's the older kids, with enough years on their shoulders to have more sense, who reveal a remarkable lack of development between the ears and who are responsible for senseless, and often costly, acts of vandalism.

Peculiarly enough, when the heavy hand of the law clutches these young loonies after acts of destruction to property they are tearfully referred to by surprised parents as, "Just good boys having a little fling."

This, of course, is rubbish. Good boys are not vandals and do not commit acts of violence either against other humans or against property.

The city-wide parties held in Newton offer a thoroughly enjoyable observance of Hallowe'en minus the rough stuff. A salute to the grown-ups who make the parties possible and the growing-ups who take advantage of them to have fun in a responsible and sane manner.

2 Newtonites Cited By CJP For Leadership

Robert Shapiro and Mrs. David L. Waltman, Newton residents, have received the President's Young Leadership Award of the Combined Jewish Philanthropies.

They were cited, at a recent meeting in Boston, for their demonstrated leadership ability through active participation in the annual campaign and year-round programs of CJP and its local, national and overseas affiliates. The award is given annually to members of the Greater Boston Jewish community who have taken positions of leadership in CJP affairs.

A CJP trustee, Mr. Shapiro was chairman of the Districts Division in the 1962 Campaign and previously served as advance gifts chairman of districts and as president and campaign chairman of the Young Adult's Division. Mrs. Waltman, first president of the Young Women's Division, served as campaign chairman of the division in the 1964 Appeal. She is a member of the board of the Young Women's Division and the CJP Women's Division.

An Informed Citizen

A column written and prepared by the Newton League of Women Voters and devoted to the principal that an informed citizen is a good citizen.

Whether in garden or garden city, blight is a disease. As it takes hold, blight spreads until the beauty and usefulness of a complete garden or larger area is impaired and eventually spoiled or destroyed.

The Community Renewal Program, a study undertaken by the City of Newton, tackles the problem of blighted areas in the Garden City. It was financed two-thirds by the Federal government and one-third by the city.

Although not designed to analyze all community planning problems, the CRP provides an important segment of a community plan. By pinpointing blighted areas, the CRP can help determine future land use leading to the elimination of blight.

Through a colored slide presentation prepared under the direction of the Newton Chamber of Commerce, Newton residents were given an opportunity last Tuesday night to see for themselves some of the areas in need of renovation and rehabilitation. They also had an opportunity to discuss the following principal conclusions of the report which was completed in September, 1963.

1. Need for renewal has been demonstrated in certain areas: Newton Corner, West Newton, Nonantum, Newton Upper Falls and Newtonville. This represents less than one-fifth of the total city area.
2. Existing land uses, for the most part, should be retained, with emphasis on cleaning up and renovation rather than complete change. Redevelopment proposals, therefore, represent a very small percentage of the city's total land area.
3. A more stringent Housing Code should be adopted and enforced to provide standards of safe, decent and sanitary housing.
4. The Comprehensive Plan for the City of Newton should be completed and a continuing program of comprehensive plan review started.
5. Appointment of a Redevelopment Authority to administer a continuing renewal program is advised.
6. Displaced families should be assisted in getting new housing.
7. Programs to inform and involve citizen participation should be initiated.

What Has been Done?

Since the issuance of the CRP, the Board of Aldermen has approved the Mayor's recommendation to establish a Redevelopment Authority. To date, authority members have not been announced.

The Aldermen have also approved both the Mayor's recommendation that a full-time planning department be created and his subsequent appointment of Mr. James Miller as its director.

The latest of several community meetings dealing with the CRP which was previously mentioned, was co-sponsored by the League of Women Voters, the Chamber of Commerce and the Community Council.

The League of Women Voters of Newton wholeheartedly supports the idea of maintaining Newton as a "Garden City," and endorses the Community Renewal Program.

CONCERNED ABOUT YOUR CHILD'S RELIGIOUS EDUCATION?

Instead of Church School dogma that instills fear of sin and guilt, Unitarian-Universalist teaching concentrates on encouraging wholesome, psychologically sound values that make sense to both parents and child.

This program helps children to develop moral and religious attitudes out of their own understanding and experiences, at home, at school, among their friends.

They learn about the origin of today's World Religions . . . to understand the religious ideas of others . . . to have faith in themselves . . . to grow up tolerantly in search of truths that make life a rich and full adventure.

Isn't this what you want for your child? Then investigate the Unitarian-Universalist Religious Education Program.

JOSEPH F. BAYER
Mass. Bankers Assoc. Post To Joseph F. Bayer

Garden City Trust Company, 232 Boylston street, Chestnut Hill, has announced the appointment of its executive vice-president, Joseph F. Bayer, to the Bank Management Commission of the Massachusetts Bankers Association.

Mr. Bayer joined the Garden City Trust Company in 1959, and since that time has been extremely active in banking circles. His appointment to this commission of the Massachusetts Bankers Association is significant not only because of his own work in the banking field, but even more so because of the increasing growth of the Garden City Trust Company within the community.

The Garden City Trust Company was founded in Chestnut Hill five years ago in November of 1959, and it has been expanding rapidly ever since. One branch bank has been established in Bedford, and two more are opening this fall, one in Woburn about November 1, and another in the Bedford Science Park area. In addition, other sites are presently being considered in order that the bank may better serve its customers and the community.

Young GOP To Hold Meetir On October 1

Governor's Councilor Margaret Heckler will address the Newton Young Republicans on Thursday, October 1. This first meeting of the Club's season will be held at the Newton Community Center, 429 Cherry street, West Newton, at 8 p.m. It will mark the start of the Club's support of local and state candidates in the coming November election.

In her talk, Mrs. Heckler plans to discuss ways that individual Republicans can aid their state and local candidates, as well as outlining her own campaign plans. Her campaign will include enlisting volunteers in a unique door-to-door, people-to-people solicitation in a crucial "swing" area of her second councillor district.

Gene Hirschberg, president of the Newton Young Republicans, announced that neighboring Young Republican Clubs have been invited to participate in the October 1st program. In addition all area Republicans and the general public are extended a cordial invitation to attend this meeting. Mrs. Heckler's talk will be preceded by a short business meeting, during which

Paintings Exhibited By Group Of Local Artists

"What is art?" This question has been discussed many times during the past year by Rox Geller, Thelma Halperin, Selma Krupp, and Gladys Winn. The creation of art instead of merely decorative painting has been the goal of these serious and talented Newton women under the guidance of Marilyn Brown Stahl, also of Newton.

Day to be shown on the news telecast at 7 o'clock tonight.

A tentative date for an interview with Dr. Brown on WBZ-TV has been set for Sept. 29. The interview will be taped at the noon news show and will be used again at a later date. A radio interview is planned for Oct. 8.

This interview scheduled for the Bob Kennedy Show will also feature the phoned remarks of a Newton High School graduate, Theodore Cron, now a resident of Washington, D. C. Mr. Cron is an assistant director, Office of Information, Department of Health, Education and Welfare.

The National Education Association monthly will also highlight the Newton story. It is read by approximately a million teachers throughout the country.

Dr. Brown's article explains the uniqueness of

Newton as a city, "being an amalgamation of fourteen residential villages, held together by a first-rate government, a considerable amount of civic pride and an active public school system."

He points to this city of over 93,000 people as being "mature in every sense of the world, above average in wealth but with a diversified population when measured in ethnic, religious, social or economic terms." Dr. Brown proudly states this city's uniformity in at least one respect—support for and interest in its public schools.

Experiment in Flexibility is the theme and core of Dr. Brown's intensely interesting and comprehensive article. Flexibility happens to be one of the foundation stones in building the astonishing success of the public school system in this city.

One fundamental policy is stressed by the Newton educator, that is, "the basic philosophy underlying Newton's program of studies is recognition that students are not all alike."

"Each individual school has a great deal of autonomy in making decisions, and yet there is great strength and direction flowing from the city-wide divisions of Instruction, Pupil Personnel, Business Services, and Personnel."

Dr. Brown acknowledged a tradition of outstanding school committees in this city, committees of unusual insight and depth of commitment to public education.

His article stresses that "among many contributions made by these committees, one of the most important has been their practice of outlining broad policy and then allowing their superintendent and his staff to run the schools within this policy."

He wryly writes that "while it might be said that such a relationship between a board and its executive officer is obvious and should be expected, it is sufficiently rare in American education to merit attention."

The broad and original approach to education here and the fresh perspectives of the local system, the attention to student individuality, the recognition of teacher excellence, all are featured by Dr. Brown in this premier article which will highlight several other top ranking American high schools in the near future.

The young educator, Dr. Brown is approaching his fortieth year, was educated at Springfield College and took his master's degree and doctorate at Harvard. He has been Newton superintendent since 1960.

10 Favor 5th Greenhouse, Five Are Opposed

Ten out of 15 residents at a City Hall hearing by the Planning Board and Aldermanic committee on Claims and Rules, Monday night expressed themselves as in favor of a petition for construction of a steel and glass greenhouse on 140,808 square feet of land at 172 Pine street, West Newton.

Ernest G. Angevine of 95 Prince street, West Newton, former Alderman, represented Alexander Gileo of 186 Prince street, the petitioner.

Gileo's complex already has four greenhouses. The one requested would be the fifth.

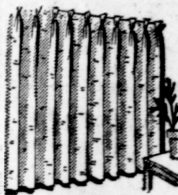

Angevine stated that there would be no retail selling at the site where flowers and plants are grown for holiday distribution.

James W. Cameron, 76 Prairie avenue, Auburndale, opposed the petition on the ground that there would be increased truck traffic on his street with danger to the 15 small children who live there.

Mrs. Bertha M. Atherly, 23 Washburn avenue, Mrs. Louise M. Cavello, 21 Washburn avenue, and Taylor Duncan, Washburn avenue, Auburndale, provided additional opposition, saying that their property values would be decreased were the petition granted.

Harry H. Ham Jr., chairman of Claims and Rules, conducted the hearing. The boards reserved decision.

Women Voters Plan Discussion Of Legislature And Referenda

A critique on the Massachusetts Legislature and a discussion of the three referenda questions on the November ballot will occupy a panel of distinguished speakers at the season's first regular meeting of the Newton League of Women Voters on Wednesday evening, Sept. 30.

The public has been cordially invited to attend this important affair, which will be held in the auditorium of the Beethoven School in Waban.

The panel will include Judge Charles Francis Mahoney,

former Commissioner of Administration and Finance of the Commonwealth, who is a Special Justice of the Municipal Court of the City of Boston. Professor Robert C. Wood, chairman of political science at M.I.T., and director of the Falk Foundation Field Study Program for Political Education, M.I.T.; and Briant Rollins, of the Boston Globe. The moderator will be Mrs. Bruce Benson, president of the League of Women Voters of Massachusetts.

In his past capacity as Commissioner of Administration and Finance, Judge Mahoney has had responsibility for the administrative and policy direction of all state departments and agencies and for the fiscal policies of the executive branch. He was the author and sponsor of much reform legislation, and first proposed the Executive Reorganization Procedure Act. In addition to being a holder of numerous degrees and past positions of consequence and achievement, Judge Mahoney was selected in 1959 as one of the Ten Outstanding Men of the Year by the Greater Boston Junior Chamber of Commerce.

Professor Wood has been associated with urban, state, and national planning bodies for much of his career. He has served on the Committee on Greater Boston Economics Study, the Committee on Metropolitan Washington Problems, U. S. Congress, and the Bureau of the Budget, Executive Office of the President, Washington. Among his prior academic appointments were assistant professor of Government at Harvard University and visiting professor of Public Administration at the University of Syracuse. Professor Wood is the author of several publications. Briant Rollins has written many informative articles on state affairs, including a series on the Executive Council.

Republicans Launch Registration Drive

An intensive city-wide registration drive has been launched by the Newton Republican City Committee to encourage and assist eligible voters to go to City Hall and register.

In announcing that the project was now fully under way with Mrs. Herman Smerling directing operations, Edward C. Uehlein, chairman of the City Committee stated that the program was instituted because the group wishes to stress the importance of exercising the right to vote.

Uehlein indicated that nearly 100 men and women are involved in the effort and that something like 6,000 calls are expected to be made.

The message they will deliver is to be sure to register in the time remaining until Oct. 15. And to help citizens register the committee is offering a variety of public services including baby-sitting and transportation.

The various Ward Committees and personnel of the several Republican Clubs are working closely to carry through the program which by its very nature is a crash program.

Members of the Newton Women's Republican Club are particularly prominent in carrying on the work under the leadership of their president, Mrs. Stanley Miller. They are working together with the ward chairmen.

On the national scene, he has devoted time to the analysis of certain aspects of the Presidential race. His past experience as a reporter has enabled him to view first hand the many facets of city and town government.

On the basis of consensus reached following the League's study of the executive branch of state government, the League is supporting the following referenda questions: Initiative Petition — reduction of the powers of the Governor's Council; four-year term for governor and other constitutional officers; permission for the governor to seek independently advisory opinions from the Supreme Judicial Court. Further explanation of these referenda questions and a more detailed analysis of the reasons for the League's affirmative position on these issues will be presented at the meeting.

Mrs. Ernest Picard, chairman of the Structure of Government study committee for the Newton League and also in charge of the open meeting, explains that the League of Women Voters of Massachusetts is beginning a second year study of the Massachusetts Legislature in an attempt to assess how the government rates in terms of efficiency, economy, and responsiveness to the will of the people.

"Our panelists will present their opinions and evaluations of the legislature, particularly in regard to such issues as right of free petition, length of legislative session, salaries of legislators, and the committee system. These aspects of the General Court will be compared with those of other states similar in size and development," she concludes.

Washington — California has overtaken New York as the most populous state, according to the census bureau.

Temple Emanuel's Activities Planned For Groups Of All Ages

A full-scale program of varied activities will start in the near future for all age levels, it was announced by Chester Rubin, director of youth activities at Temple Emanuel, where last year nearly 1000 members took part in the youth and golden age programs.

Classes in arts and crafts, dramatics and Israel dancing are available for children in the 4th to 6th grades of public school. All boys eight to 10 years of age are invited, with their parents, to a Cub Scout meeting in the vestry of the temple this (Thursday) evening, Sept. 24.

Temple Emanuel sponsors Boy Scout Troop 25. An Explorer post is also available for boys interested in advance

scouting. The pre-teen program for boys and girls in the 7th and 8th grades meets on alternate Saturday evenings.

The athletic programs for boys in the 7th to 12th grades are held Thursday evenings from 7 to 9 o'clock in Meadowbrook Junior High School. Last season the varsity basketball team won the Newton Church Basketball League championship. This year, eight different USY clubs for teenagers will be sponsored by the temple, and will open their program Oct. 4.

An LFT club will again be sponsored by the temple, with all high school boys and girls studying at Hebrew Teacher College or in the Temple Emanuel High School Department invited to join.

There is a new young adult program for the post-college age group and their friends. The Golden Age group will resume activities Tuesday afternoon, Oct. 6.

Competent professionals have been engaged to lead each of the programs. Registration is now open and can be arranged by calling Chester Rubin at LA 7-6906.

The entire youth activities program is supervised by Rabbi Gordon and Rabbi Weiss under the chairmanship of Leonard Matthews.

Last season, Temple Emanuel received the coveted Solomon Schechter Award for the best youth program in the country.

A seed pearl crown held in place her French silk illusion veil. She carried white roses and stephanotis.

Introducing Comet 1965:

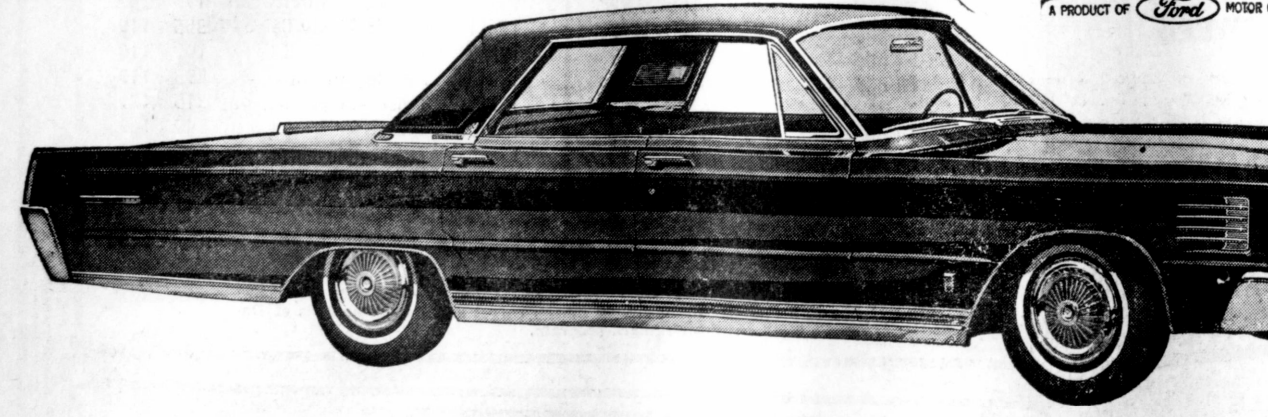

livelier, more beautiful sequel to the World's Durability Champion

We couldn't make Comet much tougher, so we made it more beautiful. Made the outside sleeker, sportier—from every angle. Made the interiors more luxurious. Made every engine bigger, from the 200 cu.-in. "6" through the hefty new 289 cu.-in. Cyclone Super V-8 (225 hp). Made the ride even smoother, more solid and silent. The one thing not new in this racy '65 sequel is the stamina that made Comet the World's Durability Champion. You wouldn't want that to change, would you? It didn't.

RECENT DEATHS

Three Services Mark Passing Of Dr. Cattell

There were three memorial services for Dr. Richard B. Cattell, 64, of 227 Windsor Rd., Waban, former head of the Lahey Clinic and a man whose great surgical skill won him international renown.

Dr. Cattell died Wednesday evening, Sept. 16, after a long illness, in New England Baptist Hospital, where at one time he served as surgeon-in-chief.

On Sunday, Sept. 20, there was a private family service in his Duxbury summer home, and in the afternoon a memorial service in the Second Congregational Church of West Newton. A third memorial service was held Monday in the New England Baptist Hospital Chapel.

It was at that hospital in 1953 that Dr. Cattell performed gall bladder and liver surgery on the then foreign minister of Great Britain, Sir Anthony Eden who, in his memoirs seven years later, credited the operation with having saved his life.

Dr. Frank Lahey, founder of Lahey Clinic, assisted at that operation. He died the day Sir Anthony left the hospital, and Dr. Cattell was chosen as his successor at the famed clinic. He had joined Dr. Lahey two years after being graduated from Harvard Medical School.

Dr. Cattell saw service in World War I as a private in the Army Medical Corps.

In addition to the New England Baptist, he was a member of the staff of the New England Deaconess, Robert B. Brigham, Brooks and Hahnemann Hospitals. Among a great many honors he received was the Diplomate of the American Board of Surgery, and he was a member of the American College of Surgeons, and an honorary member of the Royal College of Surgeons in Ireland and the French Academy of Surgery.

A difference, of course, was that in 1960 Volpe could count on the votes of thousands of Democrats of Italian descent. Whether he can count on them in a fight with Bellotti, also of Italian origin, is uncertain.

One thing which is sure to play a part in shaping both public opinion and the trend of the gubernatorial race is the impression Bellotti makes in the next few weeks.

Most people really don't know much about Bellotti. They know he has been Lieutenant Governor for the past 20 months and that he has 12 children. But that's just about all they do know although they'll learn a great deal about him and what he stands for between now and Nov. 3.

Now the spotlight is on Bellotti. Everything he does and says in the weeks ahead will be reported in detail.

One place where Bellotti's moves and actions will be watched closely by political observers will be in the Governor's Council.

Bellotti himself has some important decisions to make as to what course he will follow in the Executive Council between now and the election.

He can work with Governor Peabody whom he defeated in the recent primary; or he can work against him.

As the Democratic nominee for Governor, Bellotti has control of the Council.

He can block many of the appointments Peabody will seek to make; or he can allow them to be confirmed.

Some political observers believe that Bellotti will prevent Peabody from making any judicial appointments so that he, Bellotti, will have these coveted positions to fill in the event he is elected the next Governor.

It's possible Bellotti may do that, but it doesn't seem likely since it would injure his chances of winning over the people who voted for Peabody in the primary.

Bellotti also will hurt his prospects of achieving the Governorship if he puts himself in a poor light by overplaying his hand in the Council.

What isn't clear from where

we sit is whether Bellotti is going to concentrate on punishing the people who supported Peabody in the primary or on wooing them back and drawing them into his camp.

If Bellotti follows his past pattern, he'll expend his energy making friends, not enemies.

After the Democratic State Convention last June, Bellotti courted delegates who had voted for Peabody until some of them wound up by working for him in the primary.

It is assumed that he'll do the same thing now and persuade people who didn't support him in the primary to get out on the line for him in the election battle. He's probably too astute a politician to fail to do that.

What has been somewhat surprising is the whispered statements by persons close to Bellotti that the axe will fall on Democratic State Committee Chairman Gerard Doherty if Bellotti is elected the next Governor.

In one sense Bellotti has a legitimate grievance against Doherty, in another he hasn't. Doherty disregarded the tradition that a Democratic State

Chairman should remain neutral in a primary fight within his own party. He openly and publicly supported Peabody.

But Doherty backed Peabody for the same reason many other Democratic leaders did—because he was a sitting Governor seeking renomination for a second term.

Doherty was the hand-picked choice of Senator Edward M. Kennedy for the State chairmanship.

Bellotti won in the primary over Ted Kennedy's opposition, but he'll need Ted's help in the election.

Any plan to throw out Doherty isn't likely to arouse much enthusiasm in the Kennedy organization.

Coming Election Crucial For GOP

For the Republican party the coming election is an extremely critical one.

Only three members of the GOP State ticket have any real chance of winning election.

They are ex-Governor Volpe, Attorney General Edward W. Brooke and former U.S. Attorney Elliot Richardson, the Republican nominee for Lieutenant Governor.

Former Newton Mayor Howard Whitmore, Jr., probably will make as creditable a showing against Senator Kennedy as anyone could, but he has no hope of defeating Kennedy. The lower State offices invariably are won by the Democrats.

For Volpe this is a do-or-die fight. If he loses to Bellotti, his political career will be at an end. From the way Volpe has been working it would seem that he recognizes this.

Volpe's election would help to revive the Republican party in this Commonwealth. His defeat would come pretty close to making Massachusetts a one-party State.

Brooke is at a crucial stage in his public career. Political observers never really have decided whether Brooke's election two years ago resulted from his own strength or the weakness of Francis E. Kelly, his opponent.

On the basis of his record as Attorney General, Brooke is favored to win reelection. But there are overtones of uncertainty to his fight with State Senator James W. Hennigan, Jr.

With so much at stake, Volpe and Brooke might do well to muzzle Republican State Chairman Frederic C. Dumaine, Jr., until after the close of the present campaign.

Dumaine is sincere, hard-working and hard-driving. He also likes to talk, and when he does he sometimes manages to put his foot into his mouth.

It's somewhat surprising Volpe and Brooke haven't already silenced Dumaine. Maybe they have tried.

Speaker John Thompson Expected To Step Down

Speaker John F. Thompson apparently is slated for reelection to the House of Representatives from his Ludlow-Chicopee district.

Thompson won Democratic renomination in the recent primary, and his reelection

Nov. 3 is now considered routine.

Beacon Hill observers anticipate, however, that Thompson will step down gracefully from the Speakership at the start of the next legislative session and will not attempt to retain his role as the presiding officer of the 240-member House.

Thompson voluntarily suspended himself from the Speakership pending his trial on the charges on which he was indicted earlier this year.

It would be inconsistent with that action if Thompson were to make a fight next January for another term as Speaker. A losing battle also would bring him unfavorable publicity and place him in a poor light.

As matters present stand it is unlikely that Thompson could muster the necessary support to hold the Speakership if he tried.

A sizable number of House members felt they would be pre-judging Thompson unfairly if they voted to oust him when a motion was made for his removal after his indictment last spring.

A good many of those same legislators, however, would be reluctant to vote to reelect Thompson Speaker for a new term.

Some doubt also exists that Thompson, who is troubled periodically by shrapnel wounds he suffered in World War II, is now physically capable of running the House day after day.

In addition, Thompson has served seven years as Speaker. The only one else to serve as long was Leverett Saltonstall. No one served longer.

If Thompson steps aside, a battle for the Speakership will be waged between Acting Speaker John F. X. Davoren of Milford, Representative Cornelius F. Kiernan of Lowell, Representative James J. Craven, Jr., of Jamaica Plain and probably Representative Michael Paul Feeney of Hyde Park.

Registration for the many activities at the Newton Community Center is now under way, according to Anthony J. Bibbo, executive director.

In making the announcement, Mr. Bibbo stated that the center is fortunate in having James C. Callahan and Miss Gayle Saunders return this year to head activities for men and women.

The Nursery School faculty includes Mrs. David Shepprow, Mrs. Nathan Miller, Mrs. William Carter, and Miss Janet Mahoney. Mrs. Thomas Lepore will again head the senior adult and Monday evening activity.

rection of Miss Katherine Dickson is scheduled for each Monday and Tuesday afternoon. Pre-school through high school youngsters are encouraged to enroll. The popular baton school under the direction of Mrs. Marjorie Gilbert will be conducted each Thursday afternoon. This school is open for individuals through high school age.

Friendship clubs for boys and girls are to be held each Tuesday and Thursday afternoon. The program will vary each week, with youngsters planning along with their assigned adult group leader. Among some of the specialties for boys will be many arts, which includes self defense and sports in season, modeling, airplanes, automobiles, etc.; woodworking and art. Classes in cooking, sewing, and art are among some of the specialties for girls.

Kiddie Klub for boys and girls 3 1/2-4 years of age will be held each Thursday afternoon from 2 to 3:30 o'clock. Teen activity will be varied. A general sampling of the program includes:

Average Week Of Crime Here Is Indication

Newton's week was average, crimewise, the police getting their customary allotment of new cases that require their good investigative powers.

On Monday there was a break at the home of Benjamin Maltz, 24 Quincy road, Chestnut Hill. Between 1 and 4:15 in the afternoon, thieves got away with a mink coat valued at \$5000, a stole valued at \$1250 and \$125 in cash.

At some time during the weekend the loss was a quantity of liquor when Collins' Cafe, 41 Needham street, Newton Highlands, was entered.

In the latter part of last week, \$3500 was reported stolen, according to a report to the police by Laura Case of 12 Lexington street, West Newton. The money was the proceeds of an insurance policy.

Whoever it is that makes regular trips to a refreshment shed on the Woodland Golf Club course is nothing if not persistent. It has been robbed of cigarettes and snacks four times this month, the most recent time being during the recent weekend.

Among other minor crimes were an instance of pocket picking in a Newton discount store in which Mrs. Charles Melash, 54 Garland road, Newton, lost \$50, and the theft of a lounge and three chairs from the Newton College of the Sacred Heart. The latter was reported by Mother Gorman.

Hit-Run Bike Among Week's Mishap Causes

Gertrude Rosenblum of 22 Frances street, Newton Highlands, required treatment at Newton-Wellesley Hospital for injured knees, result of being hit by a hit-and-run bicycle last Friday afternoon on Beacon street near Summer street, Newton Centre. It was reported that there were two boys astride the bike.

The hospital's emergency ward had its usual busy weekend what with a number of automobile accidents.

In one of them four teenagers, none a Newton resident, were badly hurt. There were two collisions involving a car and a motorcycle. One of the motorcyclists, an Allston youth, was said to be injured critically.

A two-and-a-half-year-old child, Karen Marchioni of 60 Eddy street, West Newton, required hospital treatment Sunday. She had swallowed 40 baby aspirin tablets.

Also treated there was Kathy Kelly, 8, of 78 Page road, Newtonville, whose hand suffered a severe bee sting.
